Silver Edition

Margie Penders

Margie,

It has been real fun having you in German class this year. Thanks for all the help @ Mc. Donald's. I had fun working there. Hope you do a good job in whatever you do as you go out into the real world. Thank for all the laughs in & out of class. Sorry we didn't get to see each other as much as I wish we could have. Have a fun summer w/ your special someone!!

P.S. spend lots of \$\$.

Love ya,

Joshua

Margie,

I'm real glad I got the chance to know you. I'll always remember the laughs we had in German. You're real sweet hope you accomplish all your goals in the future and good luck with your special someone hope he makes you very happy keep in touch don't be a stranger in the future OK!

HOMECOMING

a time for celebration

Trojans, Trojans, ahh excitement is what you heard and felt this past October 23rd. Yes, it was Castle Park Homecoming. Red and silver adorned the campus in celebration of Castle Park's 25th silver anniversary, and the theme "Visions in Silver," graced the dance floor pavilion.

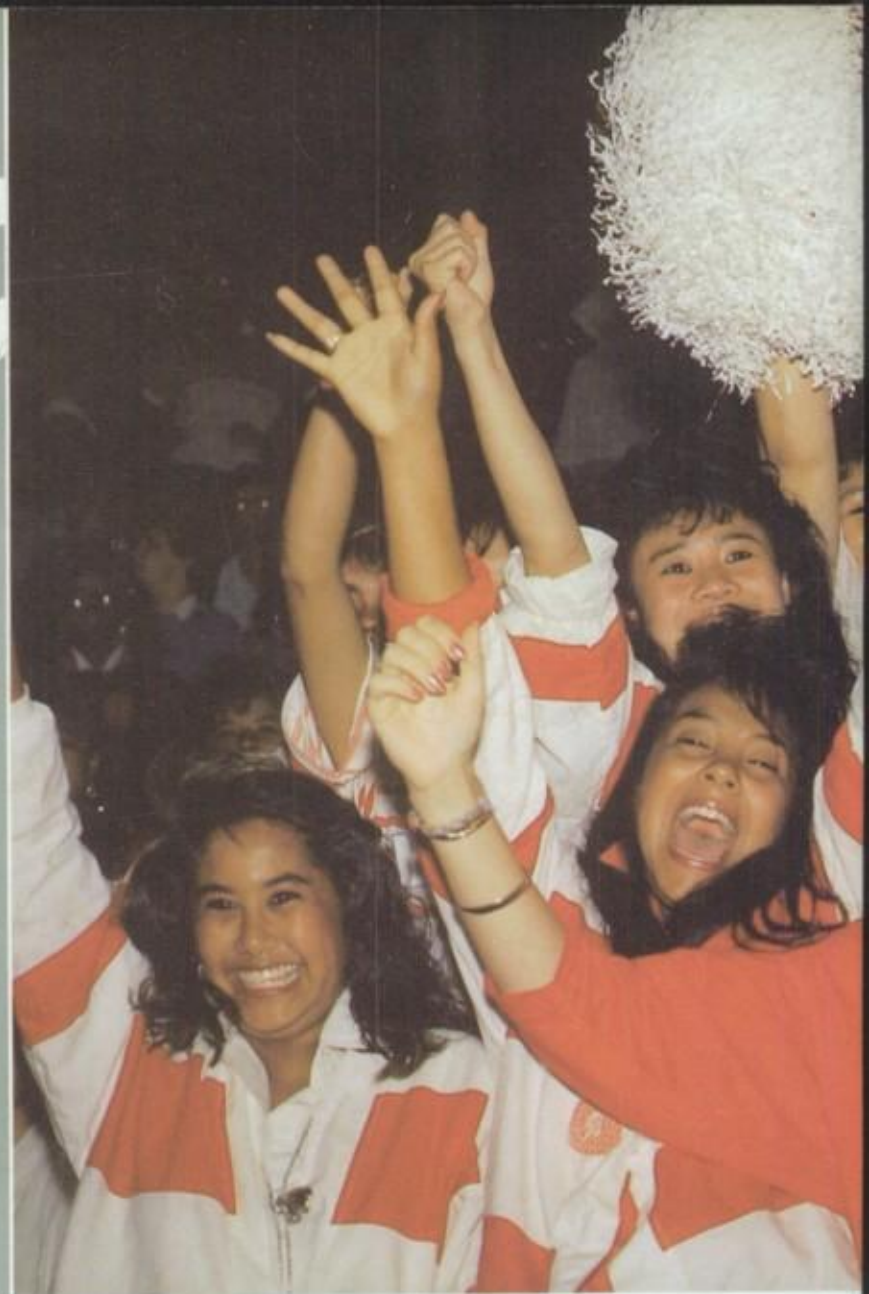

The whole week was full of activities. There was a 60's day, clash day, voting, and an auction at lunch where the five queen candidates were auctioned to eat lunch with the highest bidder. Some dedicated males paid as much as \$65 for the pleasure of the candidate's company.

The homecoming dance was very special indeed. It was held at the Hotel Del Coronado Pavilion, where the five queen candidates were formally presented. Everyone stood quietly as they watched their five favorite senior girls, Grace Bray, Poincie Garcia, Azeneth Garza, Mary Plandor,

and Sheila Rodriguez walk on to the center floor for a special dance. Romance was the real theme of the evening from the elegant red and white tent to the ocean setting on the patio.

Finally the big day arrived. Friday a big assembly attracted the entire school along with the alumni. The assembly featured some of the original staff from when the school opened. Padre pitcher, Mark Grant, helped to get the crowd roused up.

The time had come that everyone was waiting for the crowning of the queen. At half time the band and marching units performed before the crowning of the queen. The candidates were escorted down the aisle as rockets lit up the sky, which gave a true meaning to the theme of "Visions of Silver." Mary Plandor was crowned queen and the football team also presented her with a victory over Marian of 33 to 0.

◀ **Trojan Spirit Lives On:** Trojans cheer after the football team makes a touchdown.

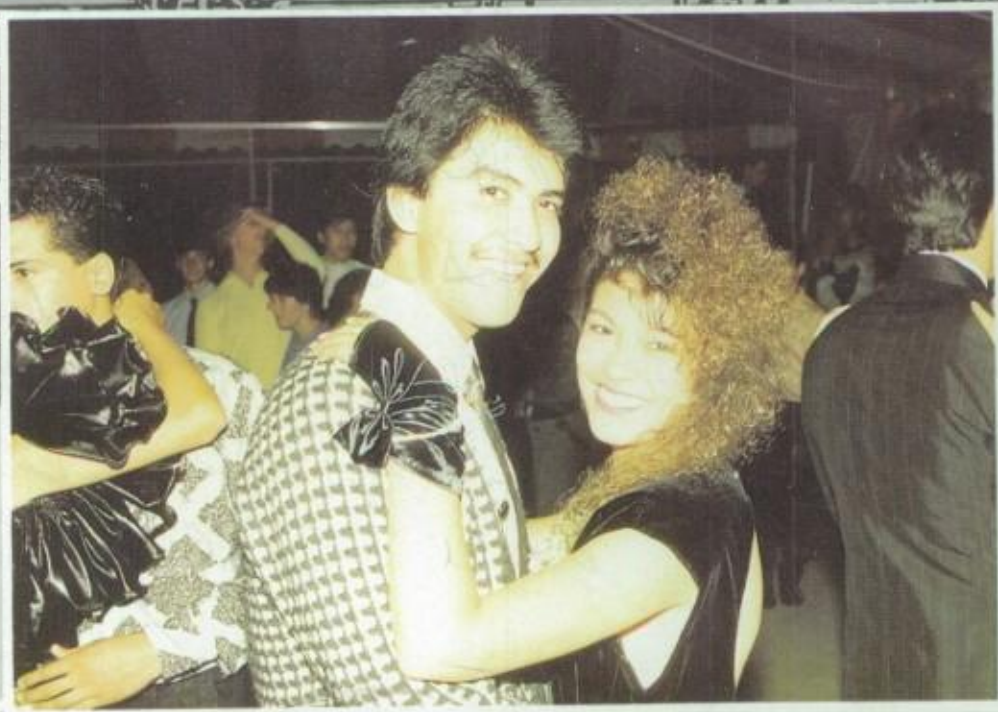

◀▼ **The Lovely Mr. Callahan?** "Mr. Homecoming" struts his "stuff" to the laughter of many.

▼ **Standing Proud.** Homecoming Queen Mary Plandor is presented with her court and their escorts during the half-time activities.

SPORTS

Coach Forest Partch was quite satisfied with the sports at Castle Park this year. Football didn't have the luck that they had hoped for, but still held out pretty good throughout the year.

Basketball, girls' and boys' volleyball, as well as other gym

*"...athletes rise to
the occasion"*

sports, had a serious problem with the loss of the floor gym due to vandalism. However, they were all dedicated and had the will to win and that's exactly what they did.

The rest of the sports including soccer, tennis, track, cross-country, baseball, volleyball, and the swim team held their own throughout the year.

Two new sports that have become part of C.P.H.S.'s sports program were boys' volleyball and water polo. Water polo proved itself with an excellent first year record.

Despite the handicap of the gym, athletes at Castle Park rose to the occasion with their usual winning style.

"Running With The Wind" Michelle Suiter runs with Trojan pride, striving for a win at the Mt. Carmel 2.2 mile race.

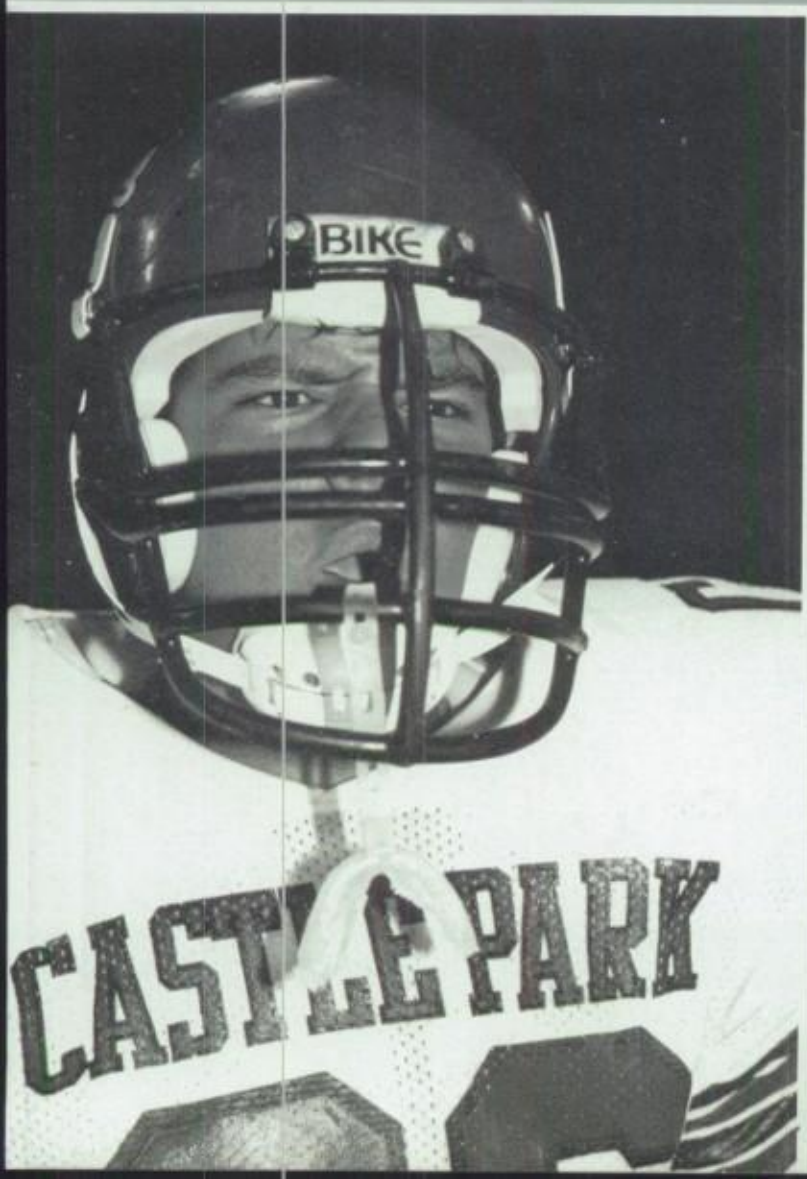

"Showing What It Takes" Seniors Ali Cortez, Chris Waite, and Edgar Miana give it their all!!

"Snarling" Ralph Guerrero who shouts his judgements at the opposite team.

"Awesome #2" Daniel Pierce sprints for a goal.

Flags a Tradition of Excellence. Although the uniforms and the names have changed, the pride rides high in the Tall Flags.

PRIDE

the band's got it

It's 3:30 p.m., the band has just come in from practice and they are standing at attention; beads of sweat trickle down their faces as they stand perfectly still. The seniors are dismissed and then the juniors and sophomores. Bangle goes over a few last minute reminders, and then dismisses the freshmen:

"Freshmen!", he calls out, waiting for a reply.

"Spirit, Pride, Tradition, uh Trojans. Thank you

"thank you, Father Del"

Father Del.", they yell.

Students passing by laugh at the screaming freshmen, but are the freshmen embarrassed? Kathy Montero answers this question:

"Why should I be embarrassed?" she says, "I feel really proud, it's like I'm carrying on the tradition of all the freshmen who came before me."

Band members always feel this sense of pride, even as freshmen. After all, the Castle Park name is known throughout Southern California for its award winning band.

Letterperfect. Letterettes display the Castle Park name with grace at the Bonita Fest Parade.

▲◀ **Ecstasy.** Winning drum major Mike Guda tries to keep his balance while being carried after the Fiesta Parade victory.

▲ **Silent Cadence.** Castle Park's premier percussion group marches tall through the silent area before competition.

◀ **Here We Go.** Cindy Castillo and Tonia Windham march forward to accept the Trojanettes' sweepstakes award at the Fiesta de la Luna Parade.

B.O.F.

Friendship to many people is having someone by your side, to cheer you up, to lend a helping hand and to have fun with. Friends are relied on for advice dealing with parental conflicts, school struggles and personal problems. Friendship stands the test of time and togetherness.

"having someone by your side"

For the seniors friendship is doing things together from preparing for the prom to experiencing the grand splendor of graduation. Senior Andrew Moreno enjoys playing basketball with his best friend John Stanton. "John is nice and caring and he's always there when I need him," John describes being around Andrew as "always cool." They like to goof around.

Azeneth Garza describes her best friend, Rosalinda Torres as "shy, fun, understanding and considerate. She's the ideal friend, and I know that whatever we do in life we'll do it together." To Rosalinda Azeneth is the greatest! "She's so understanding and sweet. I know the future holds togetherness for us til the end."

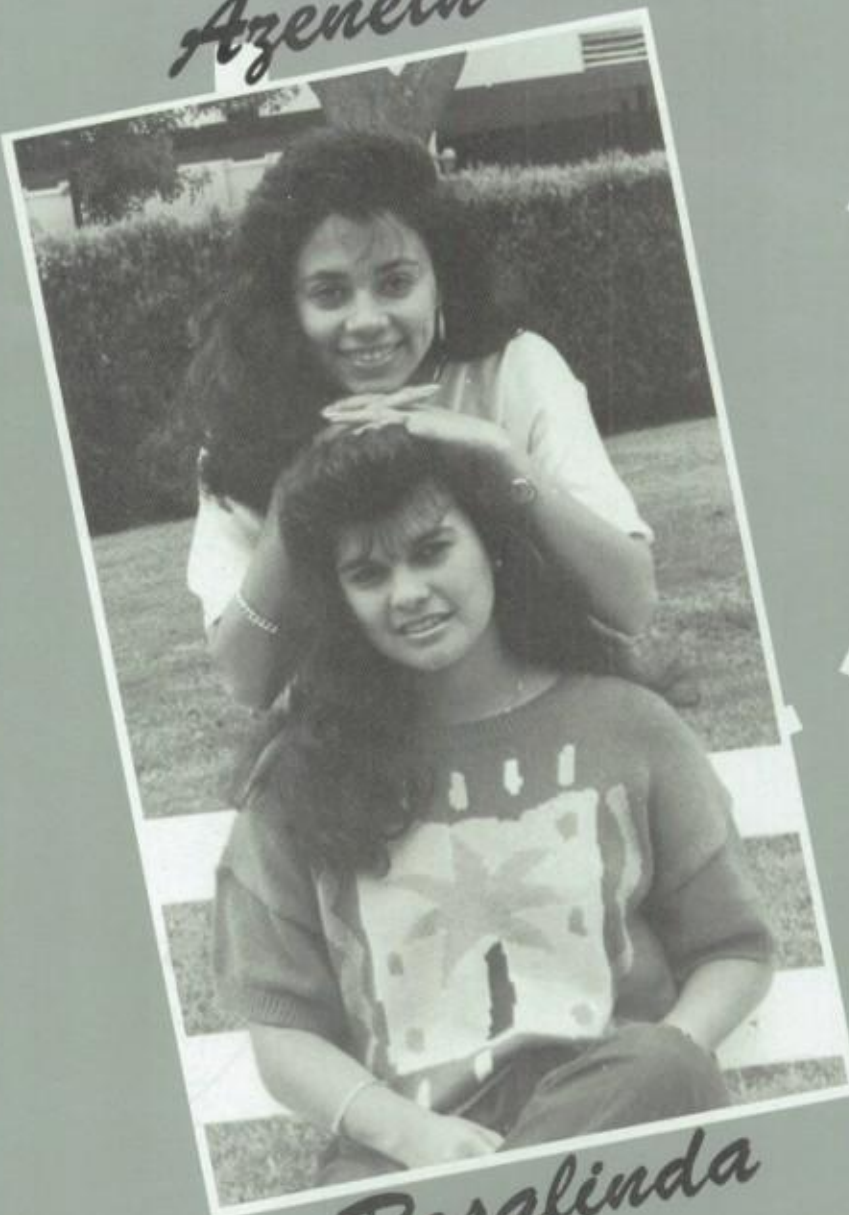

Ali Cortes and Bill Anderson enjoy playing football together and going out. "Bill is funny and so comforting when I have problems. He's always willing to help." To Bill, Ali is such a "special and reliable friend."

For the juniors, friends were needed for comfort and company while cruising under the sanction of their new driver's licenses. Chris Morris, Hector Mejia, Miko Morabe, Joe Carrillo and Senior Danny Ramirez consider themselves brothers more than friends. They play sports together especially baseball.

For the sophomores, friendships are just beginning to form as they face high school together. Claudia Gomex and Elizabeth Novelo like to go out together to parties and spend time sharing problems and giving each other advice. To Claudia, Elizabeth is always "caring and understanding." To Elizabeth, Claudia is nice and fun to be with.

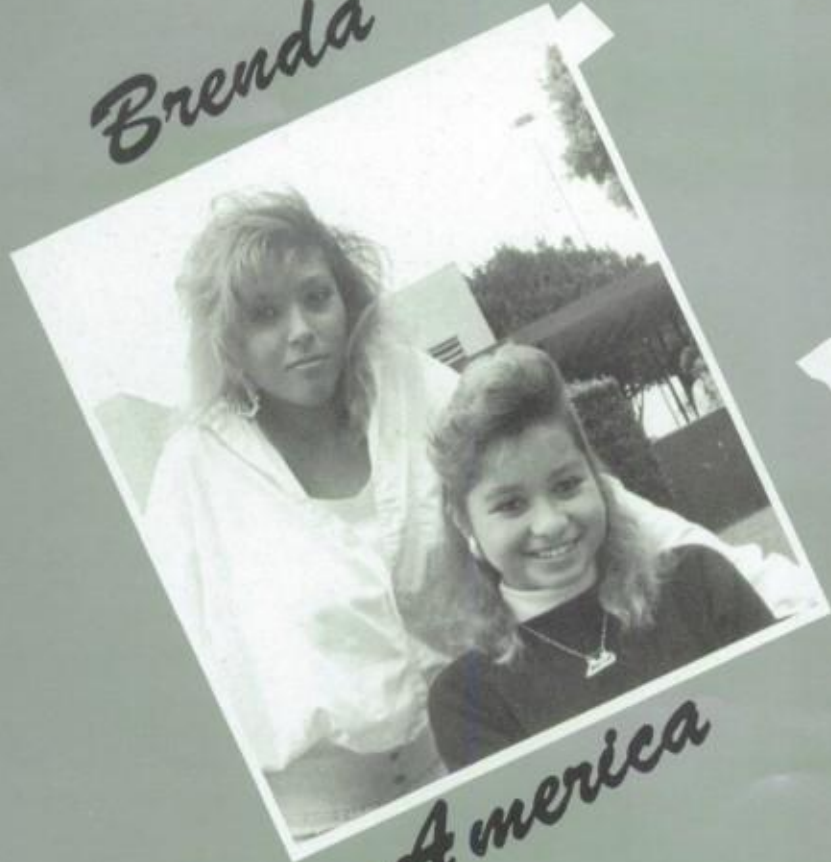

All of these friends have come a long way. This bond of love and caring will always be strengthened with time.

Mascots

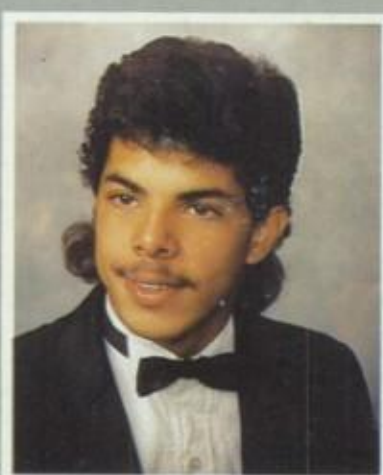

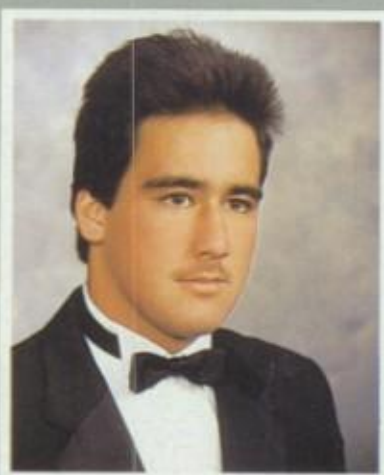

This year's Helen of Troy and Tommy Trojan were Seniors Marozana Banaga and Robert Martinez. Cheering with the crowd and promoting school spirit were their main objectives.

Over the summer they attended along with the cheerleaders, a N.C.A. cheerleading camp at U.C.L.A. Participating as a team, they received such honors as top 10 best choreographed group, and during an evaluation program, received two superior awards and one excellent award. These successes encouraged them to promote Trojan pride and school spirit to the best of their abilities. "When I first saw Tommy Trojan, I knew I wanted to represent him and my school and to be the best one this school has ever seen!" states Robert Martinez.

Seniors in Action

This year the senior class was actively involved in many school organizations. The majority of the senior class felt it was their obligation to participate in more than three school activities. The most popular activities were sports, band and marching units.

Being active gives seniors a sense of pride. Kerie Vaughn feels that being a Thespian "is an honor." Others commented that it gives them a feeling of responsibility. For some, their clubs are like a second class. Patty Carr feels that "Christian

Club is a new learning experience." Many felt that school activities give them a sense of belonging.

All seniors felt their activities were important. According to Angelica Esparza she likes Trojanettes because "They're like a family." Gustavo Osuna enjoys "learning war skills in wrestling" because "I'm learning more about hand to hand combat and that is the basis of all warfare." Others enjoy the opportunity to share their talents and hobbies with new people.

Dearest Margie,

Well this will be the last signing thing I would be signing to you. First things first, and let me tell you a few things about you well Margie you are one very special friend to me, and I do mean very special. Me, and you have gone through a lot; like the time we

cruised with ya sister, God that was so much fun it was the time of our lives. (Remember CHEW? Ha, Ha!) Enough of that, but do you remember when we first double-dated you, Jose, Steve, and I. That was trippy (Lake Morena, Kentucky Fried chicken, Prince Scooter, Mc. Donald's, work, Mom's nagging at us. We just got out of High School, and it's time for us to learn the real world. Ya know there is something quite special about

you, and that is your very caring, and you always like to encourage people, and I like that. Hey enough of all of that nonsense let's talk about my new Boy-Friend well I didn't think I would last this much with him. Remember when I use to Bore you to death about Fernie? But not no more. ASB

"What exactly is ASB?" Attorney General Gigi Pitpit sets the story straight. "The majority of people on campus think of the ASB as merely a place to buy food, but it is actually an "Associated Student Body" which

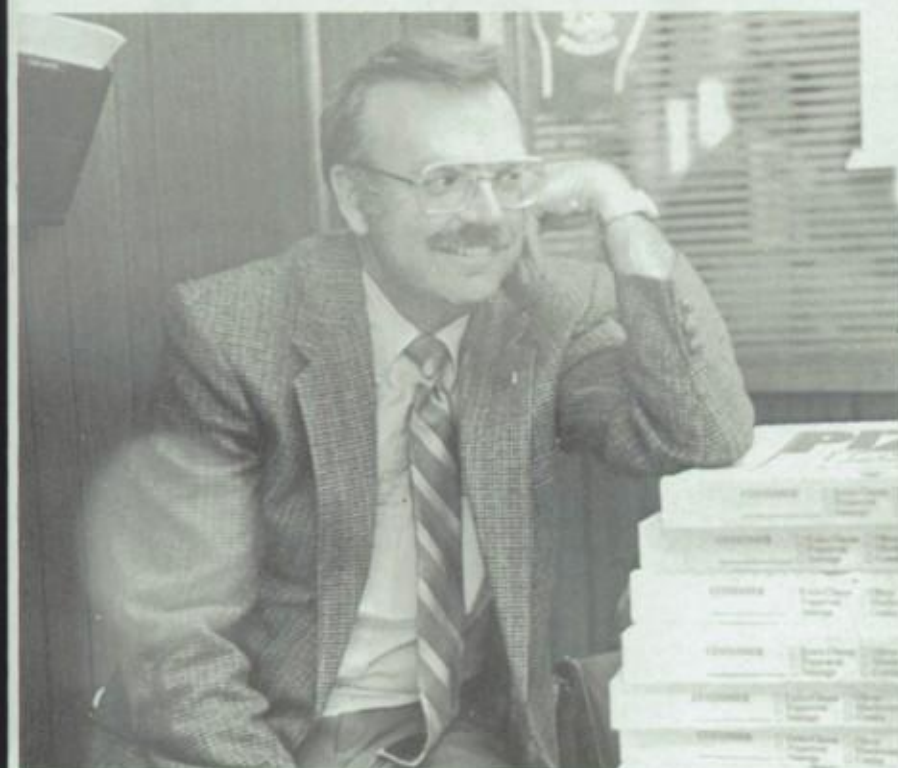

organizes the activities on campus. In effect, it is basically the nucleus of the school."

The things that make a school year exciting are developed by the school's ASB and take a lot of time and dedication. The spectacular homecoming program and the "one of a kind" Mop dance are proof that teamwork gets results. President Sheila Rodriguez states, "When students go to a dance, an assembly, or other activity, they only see the finished product. Actually, a great deal of effort goes on behind the scenes. With the help of Mr. Howard Rindone, the ASB cabinet works as a team in coordinating the activities that benefit the student body as well as the community."

This teamwork and dedication has really paid off to make the CPH 25th year one that will be remembered for years to come.

Senate

"Attention All Senators! There will be a meeting today at lunch in room 401!" Because Senate is the direct liason between the ASB Cabinet and the student body, these leaders have committed themselves to many hours of discussion and service.

"Find out what's going on"

This past year, Senate discussed many school and district-wide student issues. Second semester Senate approved the budget for the 1988-89 school year. They also selected the 1988-89 ASB Cabinet. As for the district issues, both the Senate and the ASB Cabinet opposed the lowering of the grade eligibility requirements.

One of Senate's major projects was the reintroduction of the squire system. This system allowed underclassmen who were interested in running for ASB to become assistants or squires of an ASB Cabinet Member.

This year was also marked by active Senate committees. The Constitution Committee, chaired by Attorney General Gigi Pitpit, drafted two amendments regarding eligibility requirements and pepleader tryouts. The Campus Improvement Committees, chaired by Vice President, Willie Pincek, sparked the Clean-up Campaign at CP.

Says President Sheila Rodriguez, "All too often, students don't realize what goes on 'behind-the-scenes.'" Why don't you run for Senate next year and find out what's "going on?"

Junior Varsity

They're Hot!

The JV Cheerleader squad fired up the JV football and basketball teams. They keep in top condition by beginning practice as early as May 1987.

During the summer the squad attended the UCLA

"Squad is very determined-they don't give up."

Cheerleading Camp, where they brought home four superior awards and the spirit stick, the top award. "We had tough competition, but we also had lots fun," said Conchita Gonzales.

The goal this year was to win Maytime. Captain Elizabeth Garcia finished by saying, "I'm real proud of the squad because they are very determined and they don't give up."

Trojanettes

"Sweepstakes for drill team goes to . . . Castle Park!" The crowd screams and cheers as Cindy Castillo and Tonia Windham proceed to accept the award. With tears of joy, they proudly display their trophy to the section in which Castle Park is located. Led by Captain Cindy Castillo and Co-Captain Tonia Windham, the Trojanettes proved what hard work and a lot of determination can do. Some of their awards include Sweepstakes-Bonita-Fest, Sweepstakes-Columbus Day, and Sweepstakes-Fiesta de la Luna.

Kathy Cedano feels the biggest accomplishment the Trojanettes has had was "defeating the Montgomery Las Aztecas."

Tonia Windham goes to practice everyday with the attitude that the end result is what counts. "During the summer of '87, the officers set a lot of goals for the corp to accomplish throughout the year. They went into competition and with determination and intensity. All of the long hours of practice pays off when you receive the Sweepstakes Award."

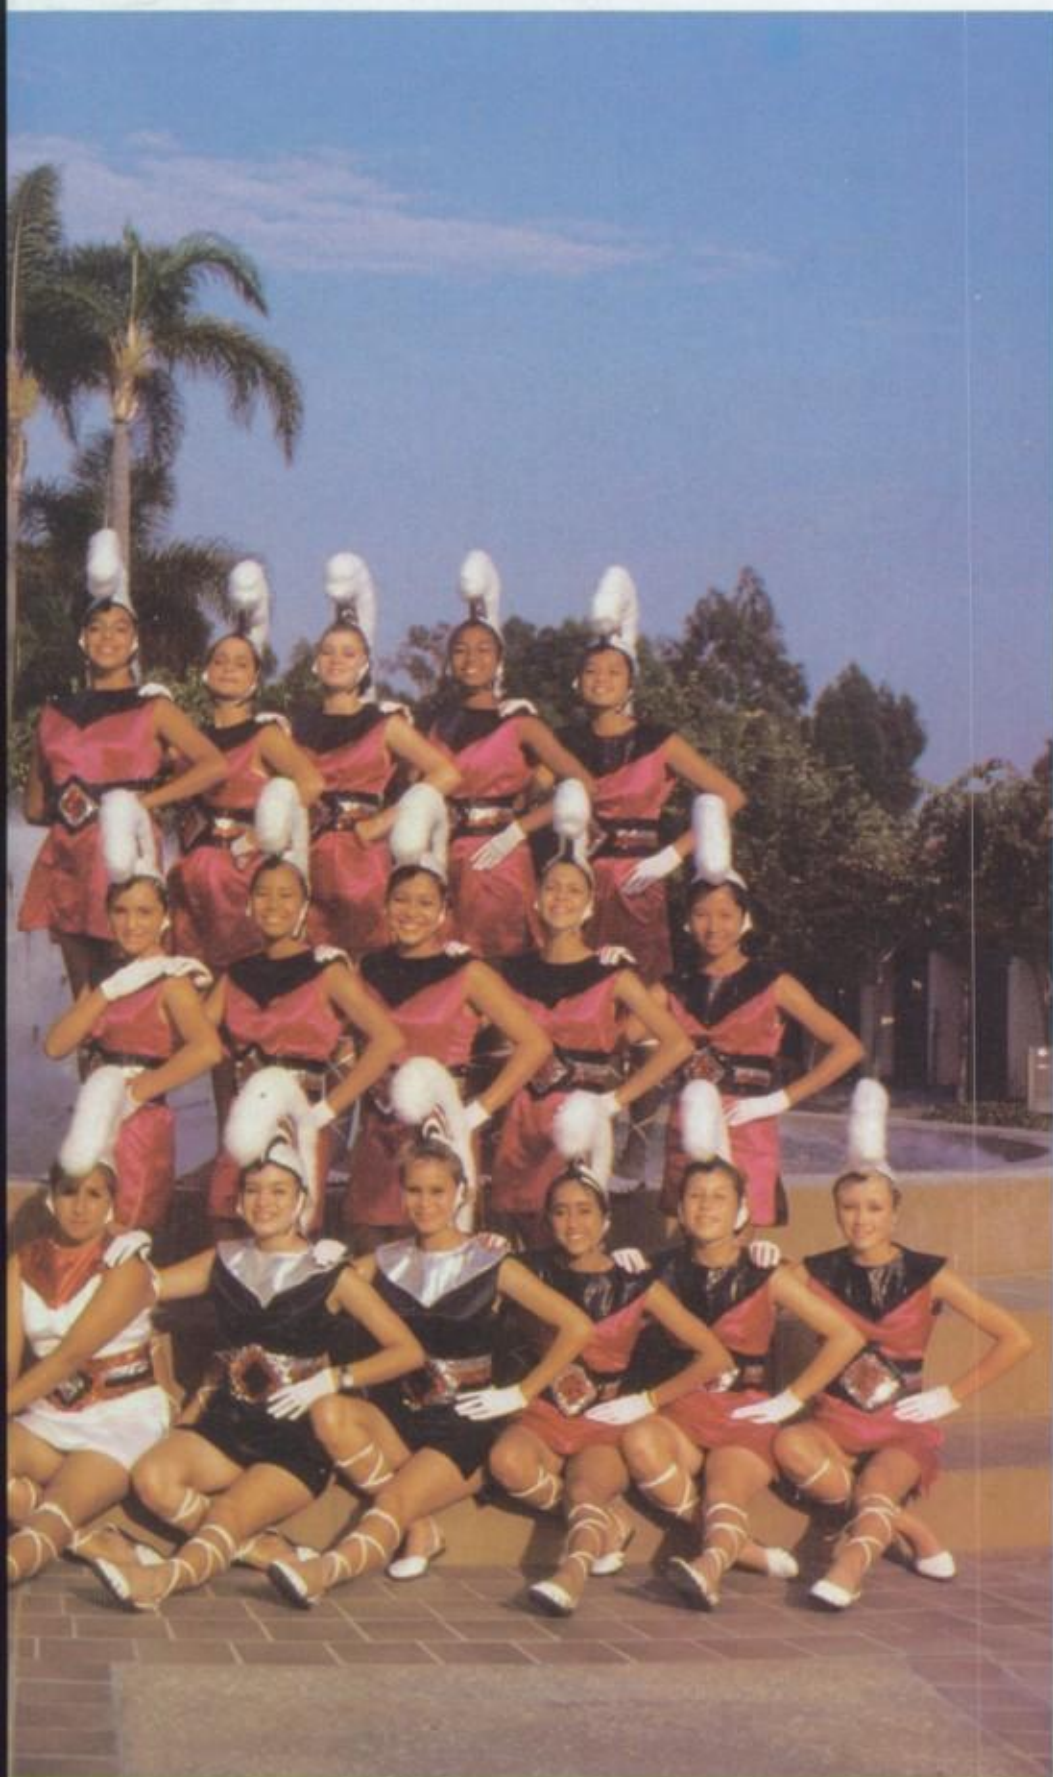

Angelica Esparza shares the philosophies of both Kathy and Tanya. "Being in Trojanettes means a lot me. It's a lot of hard work but it all pays off in the end. When we beat the Montgomery Aztecas, it was the best day of my life because I wanted to show them who's better.!"

Varsity Cheer

"GO... GO... G-O-F-I-G-H-T-WIN!!!!" The cheerleaders run to the end-zone after the football team scores yet another touchdown, cheering them on to another victory. Ten of the most attractive and talented girls are chosen to represent Castle Park High School each year and these girls are no exception.

"one of five in national championships"

Their enthusiasm and pep are what make them one of the best squads in the county.

Over the summer of 1987, the cheerleaders attended a NCA cheerleading camp at UCLA. Out of 50 squads there, the Castle Park squad was chosen as one of the best squads and won several "superior" awards. Captain Maria Pitt states, "I was so ecstatic when we were chosen as one of the five to compete in the National Championships!"

The cheerleaders' enthusiasm never ceased as they shared their spirit with the crowds, leading the teams to victories. The 1987-1988 Varsity cheerleaders were true examples of "Trojan Excellence."

This year the Castle Park Letterettes marched to a successful year. One such impressive victory was the taking of the sweepstakes trophy at this year's Columbus Day parade. They also did an outstanding job by receiving the highest score at both the Bonita Fest and the Fiesta de la Luna parade. Under the leadership of Captain Cynthia Cacayan and Co-Captain Denise Ellegard, they inspired and taught each girl the esprit de corps to give a sweepstakes performance.

The three main goals Cynthia had in mind for the corp this year was 1) to sweep Columbus Day, 2) to receive a perfect score of 60 at the Maytime Band Review and 3) to sweep the Maytime Band Review. The snap and style for which the Castle Park letters are known will be thrilling audiences for a while to come.

Patrick Henry High School. During the summer they performed at Disneyland, representing CPH with flying colors.

In order to always be in shape and achieve their goals, the Tall Flags are constantly practicing. Their practice starts as early as June and continues daily throughout the summer and fall. Some other activities which kept the Flags in top condition were field, indoor, and the Los Angeles competitions in which they competed with other flag corps.

Captain Christina Nasic says it all in a few words, "My corps works hard and takes pride in what they do."

Knights in Action

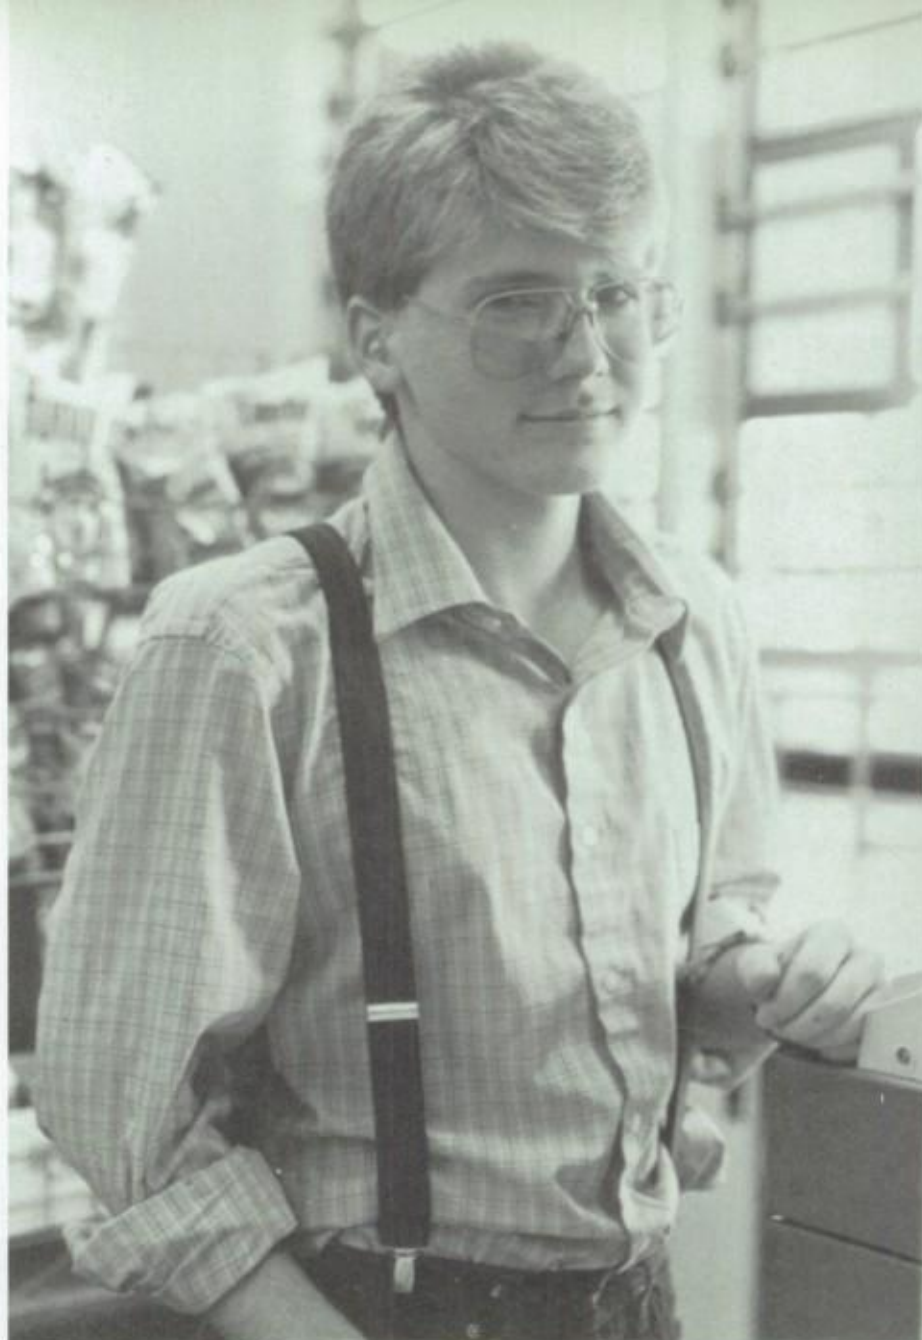

This year proved to be a difficult and challenging for the Trojan Knights. Because of the loss of the gym, the Trojan Knights' income was hurt considerably. This in turn hurt the other organizations and events on campus which are financed by

*"Knights make life
easier on campus"*

Trojan Knights' proceeds.

To make up for this loss, the Trojan Knights worked harder than ever to make up for the loss of income. They accomplished this through special projects like the candy sale they held. One of their goals this year is to beat last year's income of \$50,000, which was used to cover the cost of expenditures that are not covered by the other organizations.

The role of the Trojan Knights can be best summed up by Trojan Knights President Scott Elson, when he stated, "The Trojan Knights makes life easier on campus for the teachers and the students. If it were not for the Trojan Knights a lot of things would be different on campus."

Jazz Band

What is a jazz band . . . ? A jazz band is made up of trumpets, trombones, saxophones, and a rhythm section. Castle Parks jazz band is one of the few in the district.

A typical year in jazz band starts off with music theory, and solo practice which helps the new students get a feel for soloing. "A lot of what we do in jazz band includes soloing," said Chris Martinez, a lead sax player, "And most of the solos aren't written in the music. This helps us grow a lot musically. Every day we make up a different solo, and then we put our favorite parts together for a performance."

The jazz band usually performs in the spring, and can always be heard at Castle Parks Spring Concert. Awards that have been given to the jazz band include; festival excellent awards, and an outstanding soloist award given to Ronnie Manaog for his drum solo.

Trojan Brigade

This year the Castle Park Trojan Brigade, the band's new name, once again proved they are "The Pride of the South Bay." Their excellence in music has earned them many awards and trophies, such as the sweepstakes award at this year's Columbus Day Parade as well as the showmanship award, sweepstakes at the Fiesta De La Luna Parade, first place at the Mission Viejo field tournament, first place San Diegito Field Tournament, third place at the West Arcadia Band Review with percussion placing fifth, sweepstakes at the Antelope Valley Band Review, and in the field division placing third with the percussion placing third and overall sweepstakes for field and street.

"The band did exceptionally well this year, I was very proud of them and their accomplishments." Stated Del Bangle, director. The band's plan for this year was to sweep the South Bay and then go and be recognized up north. Diana Martinez, a senior in band, had this to say, "Being in band has taught me a lot of responsibility. The feeling you get after sweeping a competition is just.....indescribable.

Symbol of Excellence. The sweepstakes trophy is just one of the many symbols which show them to be number one.

Cycling

This year the cyclist at CP finally did something about those "lonely rides." They wanted a big group to ride with and they got one. This group was in the form of Castle Park's first cycling club.

"The main purpose of the club is to get everyone interested in cycling together and ride as a group representing the school," stated David Francia.

President Rick Cecena,

Vice-President James Marquez, and Treasurer Alex Transvinia keeps fit with the rest of the club, under the supervision of Advisor Mr. Michael Callahan.

Fun and fitness are the objectives of this

club and they seemed to have achieved both. Group rides every so often kept up their interest and enthusiasm for the sport of cycling.

New and Improved

There's been a three year absence, but the Castle Park news-magazine, "The Trojan Trumpet" is back!

Since its last time in print, many things have changed. For the first time "The Trojan

"Trumpet" has been created totally on computers. With a new desktop publishing program, the newspaper staff is now able to do both layout and copy more efficiently. Led by Editors Lori Coley and Julie Puzon, the staff has had to go through extensive computer training to learn how to use this new way of publishing.

"The school and students desperately need a voice and a common source of information" stated Jody Creighton,

"The school needs a voice"

the newspaper advisor. "The magazine gives the school an identity and a form of unity. The extent to which the paper speaks for the student body is the extent to which the paper will succeed. Reaction to the "Trumpet" has been very positive this year." The same journalistic expertise can be expected for the years to follow.

Better Each Year

Castle Park's drama gets better and better each year," proudly states Mrs. Sandra Martineau.

Of the five plays this year the one that stands out the most is "The Miracle Worker." This play about blind and deaf Helen Keller was the biggest challenge to produce and also the most rewarding. Mrs. Martineau and the company were rewarded for their hard work with a sell-out both nights.

The drama department produced five plays this year. "Out of the Frying

Pan", "The Miracle Worker", "Sorry, Wrong Number," "The Wizard of Oz," and "The Run-away Toys."

How do they continue to accomplish all their objectives? "Our basic attitude is that we're almost perfect, but we always need to set one more goal once the last one is achieved," Mrs. Martineau commented.

If the drama club really is getting better each year, then next year CPH can expect a wonderful set of plays.

"Our attitude is that we're perfect"

Art For Spirit

Art Guild helps make a more attractive CPH. Throughout the year the club designs posters ribbons and signs which appear in every corner of CPH. These dedicated artists are also dedicated to improving school spirit.

The group is advised by Mr. Joe Schmidt who helps them in their designs and ideas. The clubs president is Brian Wischtadt, who kept them very busy making pep ribbons and posters helping to decorate for football games. After most of the sports

“promoting pride through art”

were over, the rest of the year was spent fund raising for club T-shirts which every member received and wore to their events. Their biggest event was the banquet held at the end of the year to honor their most dedicated members.

Just For Fun

After two years of silence, the Asian Club has resurfaced. It was a bit of a task to get the club started again due to lack of student participation. However, after recruiting students Representative David Francia says, "I'm pretty sure the club will be a success, because there are many people willing to join."

The Asian Club is a group anyone can join. The purpose of the club is to get students who are Asian and other ethnic backgrounds to socialize

"new kid on block"

and know each other.

One of its members Elizabeth Lee states, "It's a fun club, people join and we get together to socialize." At different times of the year they went to other schools to have picnics and social gatherings. The Asian Club also had bake sales and various fund raisers to support their social events.

Christian Club

The Christian Club — when you hear those three words, you basically have an idea of what the club is about. Students at CP are not aware of what goes on in the club though.

Understanding the Bible and finding ways of aiding fellow Christians were two of the objectives the club had this year. "We come here to be with fellow Christians and to become closer to God," states the club's Secretary, Kim Chambers. President Scott Anderson says, "Mr. Wallace, our advisor, really helps us when we are studying the Bible."

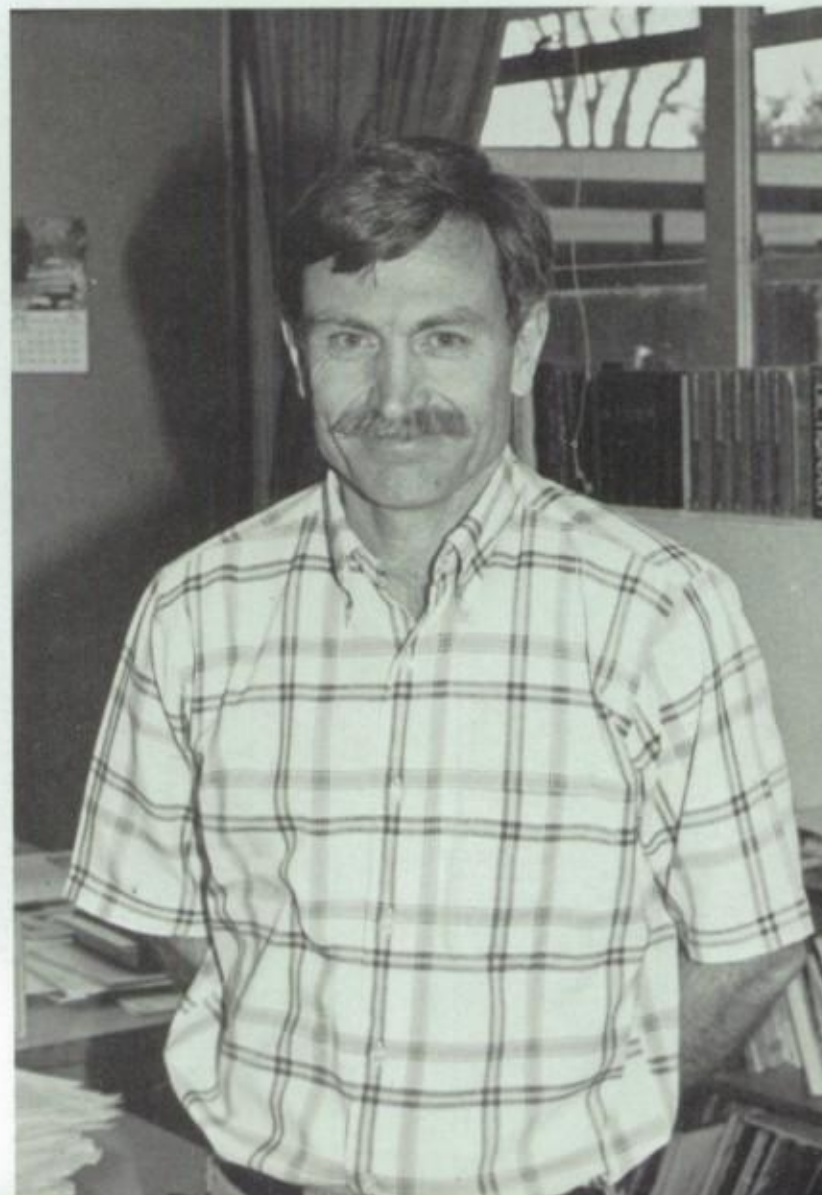

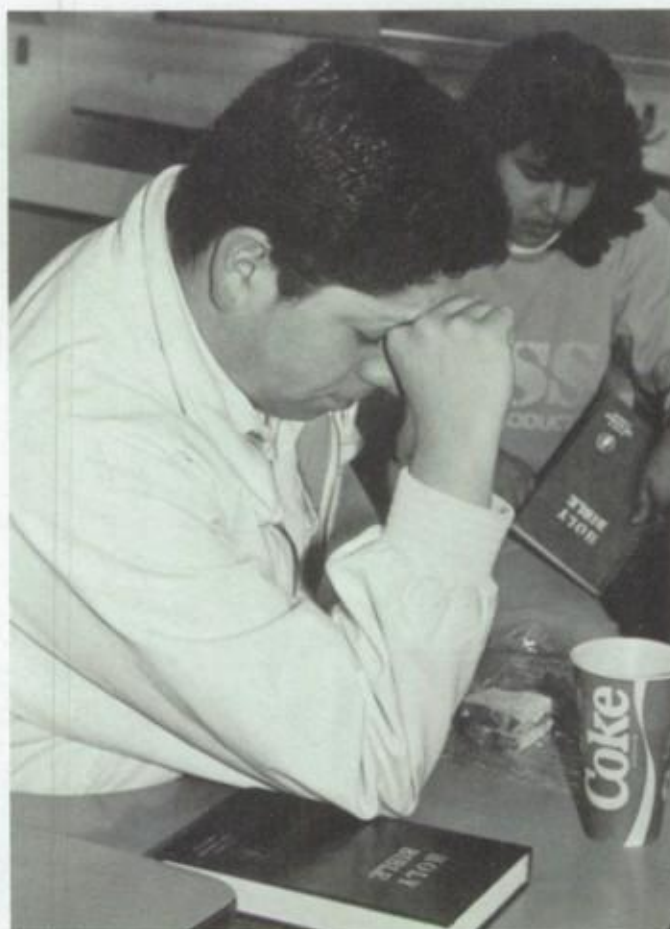

One special activity the club has tried this year was the writing of letters to prisoners in Russia who are being persecuted because of their religion. Other activities included a trip to Magic Mountain to attend a Christian Youth Rally and a ski trip to Snow Summit.

Dr. William Lassiter, the club's advisor, along with Principal Dr. Robert Bane, keep the club members informed of upcoming events dealing with community services.

Activities such as food drives, helping the Boy Scouts and Girl Scouts hold a carnival for MDA, and Christmas caroling at convalescent homes are some of the projects that Interact tries to do for the community.

C.S.F. excels

To at least one group at CPH, getting high grades makes you as much a winner as scoring high in a game. This organization is the California Scholarship Federation. This is a statewide organization which recognizes students for academic excellence. Students qualify for the club by having high grades and taking quality courses.

CSF is composed of 50 of the brightest students at CPH and led by President Sheila Rodriguez, Vice-President Daniel Pierce, and Secretary-Treasurer Sherwin Gallardo.

Paul Avalos, the club advisor, says the CSF motto is, "Scholarship for service." The students are not only expected to make an effort to score ten points on the California Scholarship Federation scale which considers an 'A' worth three points, a 'B' worth one point, and a 'B' in an honors class worth two points, they also volunteer their services to the community and to students who need tutoring.

During the year the CSF members attended nationwide seminars and conferences and the CSF life members received many awards and scholarship information exclusively available for life members.

CSF continues to provide an outlet for CPH's brightest and best.

Academic League

The Academic League membership competes academically with students from other schools.

In a Jeopardy — like format the two competing teams answer questions in categories. The teams have 30 seconds to answer the tossup question that deals with any field and the team with the most points at the end of the match wins.

The Academic League is led by Gerald Cellilli, Math teacher. He states, "The Academic League is a good concept that stresses academics and should be funded better by the district. It needs to be given a higher priority in the list of extra-curricular activities."

Images

Images is a club which in their literary magazine expresses what you see, what you hear, what you feel and who you are.

"Expressionism," was this year's theme. Images is broken up into two departments: The literary, which is headed by Kathy Guilfoyle, and the art department, which is headed by Joe Schmitt. The best of work is

"expressionism"

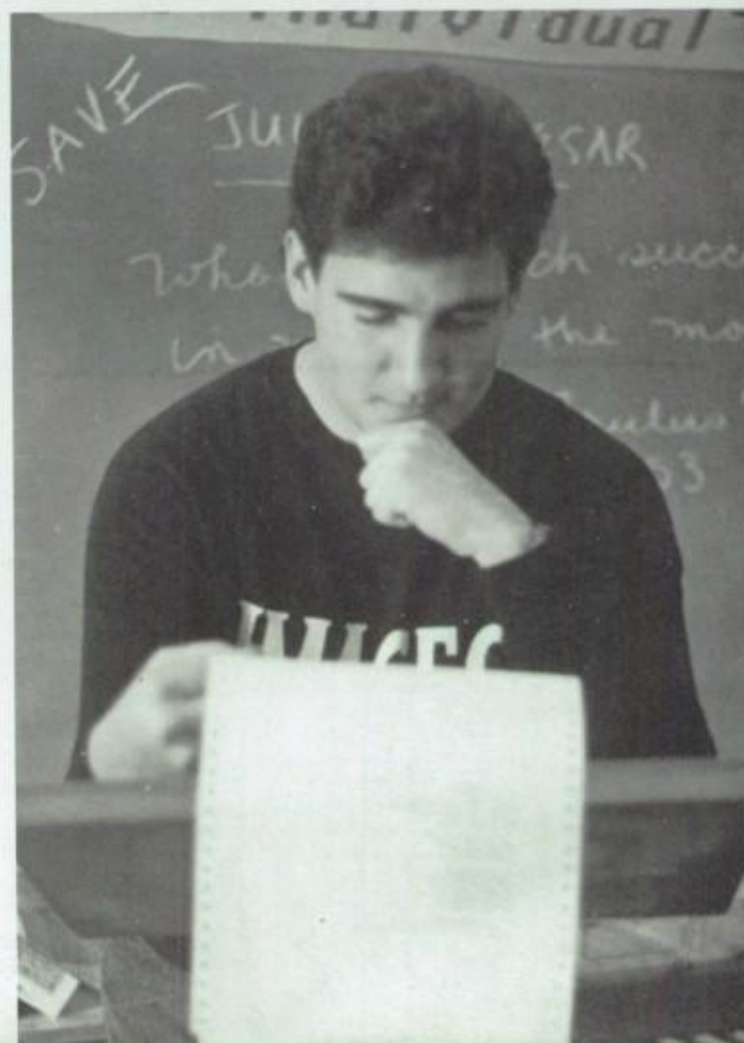

submitted, art work, poetry and short stories. President Sean Ortega says, "We hope to make this year the best ever and make it a lasting memory to all."

Words of Wonder

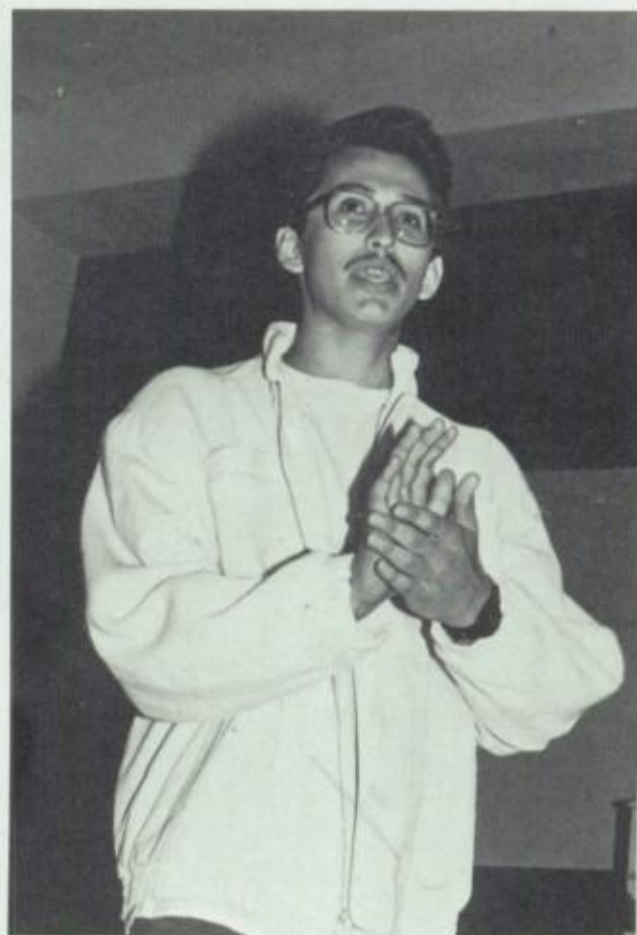

Self-discipline and hard work is what best describes this year's speech club.

It consists of 15 members, who took the time to build up their self-confidence in themselves and for their school.

The tournaments they have participated in were at Palomar and Imperial Valley. At Palomar, they succeeded in entering semi finals, also at Imperial Valley, Scott Anderson took first place.

United with pride in their school, they have proved Castle Park is truly the best.

Feier

The German Club has started a new year filled with great expectations. They had chocolate sales, and car washes to raise money for their trip to Germany. They planned a wood sale, and candy grams as other fundraising events. German President, Claudia Shwensfeger said "One of our goals is to get more people interested in the German Club."

The annual trip to Europe has undergone some changes. This year the trip will include a ride on the Bernina Express, Europe's highest railroad, and a trip through the canals of Venice. Claudia Shwensfeger said "Our major goal was to raise enough money to do something fun."

Another exciting year for the 1987-1988 French Club. They have had a candy sale, and a March fashion show to raise money for orphans, and other needy organizations. This year's President Corina Rubio, said "We are doing all we can to provide for those who need it."

French Club this year also planned a trip to the Museum of Art to study paintings and sculptors. Junior President Corina Rubio said, "I hope we have a large group." French Club advisor Ms. Ann Gagnon planned two parties to celebrate the members' dedication. "This year was special," said Corina Rubio enthusiastically.

Grupó Folklórico

Castle Park High School is very honored and proud to have one of the finest cultural groups among the Sweetwater Union High School District. The group is Grupo Folklórico de C. P. H. They are known throughout Southern California for their grace, beauty and style of their dancing. Their style called Jalisco is a very popular form of dancing in Mexico.

This year, the advanced group has performed up to 55 times in different areas of Southern California. The advanced dancers consisting of 21 members have performed in places such as North Island Air Station, churches, other Junior and Senior High

schools as well as colleges. They have performed for the Radio Latino Fiestas Patrias at Kimball Park, Old Town, and several parties and weddings.

In order to become a member of the advanced group a person must first be enrolled for a full year in a beginning class and there you learn the basic steps and the skirt work and stage presence. Practice and self discipline are the main essentials in becoming a dancer. When asked how he felt about his group, Mr. Santoyo replied: "I feel the group has a positive reflection on the students and community."

Pep Club

Some people may ask, "What is the Pep Club, and what do they do?" "It's exactly what the names says, 'Pep.' We try to give our support in all school affiliated activities," explains Club President Paul Johnston.

With the vandalizing of the gym, the Pep Club received a major setback. The assembly skits, which were a big part

"We give support"

of their program, had to be eliminated. The club had to make do with attending as many school events as possible and make the Castle Park crowd come alive with their upbeat chants and cheers.

Misfortunes aside, the Pep Club kept it's promise to get the crowd involved as well as many freshmen who joined the club to get into the spirit of things here at Castle Park High.

SADD

While in high school, there is going to be a time in your life when peer pressure is going to influence you in some way or the other.

The SADD Organization is a student run organization publicizing the dangers of drinking while intoxicated. According to the SADD Advisor, Mrs. Melissa Stitt, "The students in this organization try to influence other students in making the best decision not to drink and drive and to have someone who is not intoxicated drive." Most of all, the SADD organization is trying to stress not to drink at all.

Mrs. Melissa Stitt says, "The future goals for SADD are to have very CPH student made aware of the changes involved with the combination of drinking and driving."

SPORTS

Tackling a Tough Season

The varsity football team ended their season with a disappointing record of two wins, five losses and two ties.

It seemed after great defensive playing against Chula Vista High School that a winning record might be had. Then, after the Southwest game, everything went downhill. The team ended up losing the next three in a row. Hopes were still alive after 40-0 homecoming against Marian. But alas, it was not meant to be. They ended up the season with only one more win and that was against Hilltop.

According to Coach Bob Korzep, David Carpenter, Bill Anderson were the outstanding players. Arturo Romero received the most improved award.

Next year Coach Korzep expects big changes. He plans a harder off season program to get the team in shape and plans to help develop better attitudes. This combined with 20 experienced varsity players and 20 more eager junior varsity should make a big difference.

Flying High Davey Carpenter gives his best shot to out take his opponents.

Champs

Although the JV Football team got off to a shaky start, losing their first three games, Head Coach Alan Duke brought his team back from the brink. "When they went in,

"Wanted to improve from day 1"

they wanted to improve from day 1" said Coach Alan Duke. And how they did!

They recovered nicely by earning the league championship with a 3-0-1 record. Winning their last game, 42-0, shows that the Trojans could have a promising season next year. "This last game was by far the best game of the season," said a proud Coach Duke.

Part of the reasons that the JV team had such a successful season is because of five key players: Arturo Peña (Most Valuable Player), Damien Holmes (Best Defensive Player), Zack Toms (Coaches Award) William Truel (Offense), and James Sandora (Defense) who all received awards and should be promising for next year's varsity team.

Cross-Country on Top

The Castle Park Cross-Country proved again that they can run down the competition in '87. Through practicing and determination to be the best, they took first at the Metro Finals. Along with this exceptional victory they also took first at the South Bay Invitational, second at the Mt. Carmel invitational, and first at the Southern California invitational.

The Varsity Boys led by Brad Grady, who was undefeated throughout the entire Metro League season and was named South Coun-

ty Athlete of the week, and Robert Bokma, named Runner of the Year, ran their way to an impressive record of 8 wins and 1 loss. The Varsity Girls led by Debbie Billings, finished with a record of 5 wins 4 losses.

This year they proved to all that again they have what it takes and they're the ones to beat next year. "I'm very proud of them winning the Metro Finals and I hope more students will go out and participate next year," said Mr. Forest Partch, coach of the cross-country team.

Promise

"Sorry we didn't win more games this year, but I saw an improvement which is promising for next year," says the Girls Varsity Volleyball Coach Jim Nutz. The final overall season record was 3 wins 17 losses.

According to Coach Nutz, some of the weak points of the varsity team are: spiking and lack of offensive attack. One of the strong points of the team is the determination to come back next year and improve.

Because the gym is damaged, the girl's have had to wait for the Hilltop team to finish practicing. They practiced at Hilltop from 5-7 p.m. "No, the gym didn't affect the way the girls played," comments Coach Nutz, "it was more of a nuisance."

According to Coach Nutz, two of the most outstanding players were Sherry Quindara, who was good in all aspects of the game and Christina Murguia, who showed a lot of improvement over the season.

Three of the returning players were: Heather Preston, Rachel Resolme, and Sherry Quindara.

Outstanding

If you have witnessed a JV girls volleyball game, you'll have seen the talent that a lot of these girls possess. The JV team went 11-5 overall in the face of some tough opposition. Their record put them in second place in league.

As you watch their game the thing that catches your attention is their speed. These girls have a quickness and agility that made it possible for their successes.

Two valuable members of the team made a few comments about the reason for their success. As explained by Christina Silva, "We worked well as a team because we all trusted each other's playing ability, that made it a lot of fun!" While Michelle Bridges another member had this to say, "Our skills as a team enabled us to enjoy our season and helped us through some pretty tough games." As a final comment, Michelle and Chris looked at each other and in unison repeated "It was fun!"

Water Polo

One of the new sports being launched this year at Castle Park High is making a big splash with a second place finish at the Metro League Tournament.

Water polo is an old sport that has made a major comeback. Even though it is Castle Park's first year with a team, they have gotten a lot of coverage from local newspapers. Their overall season record was six wins and five losses.

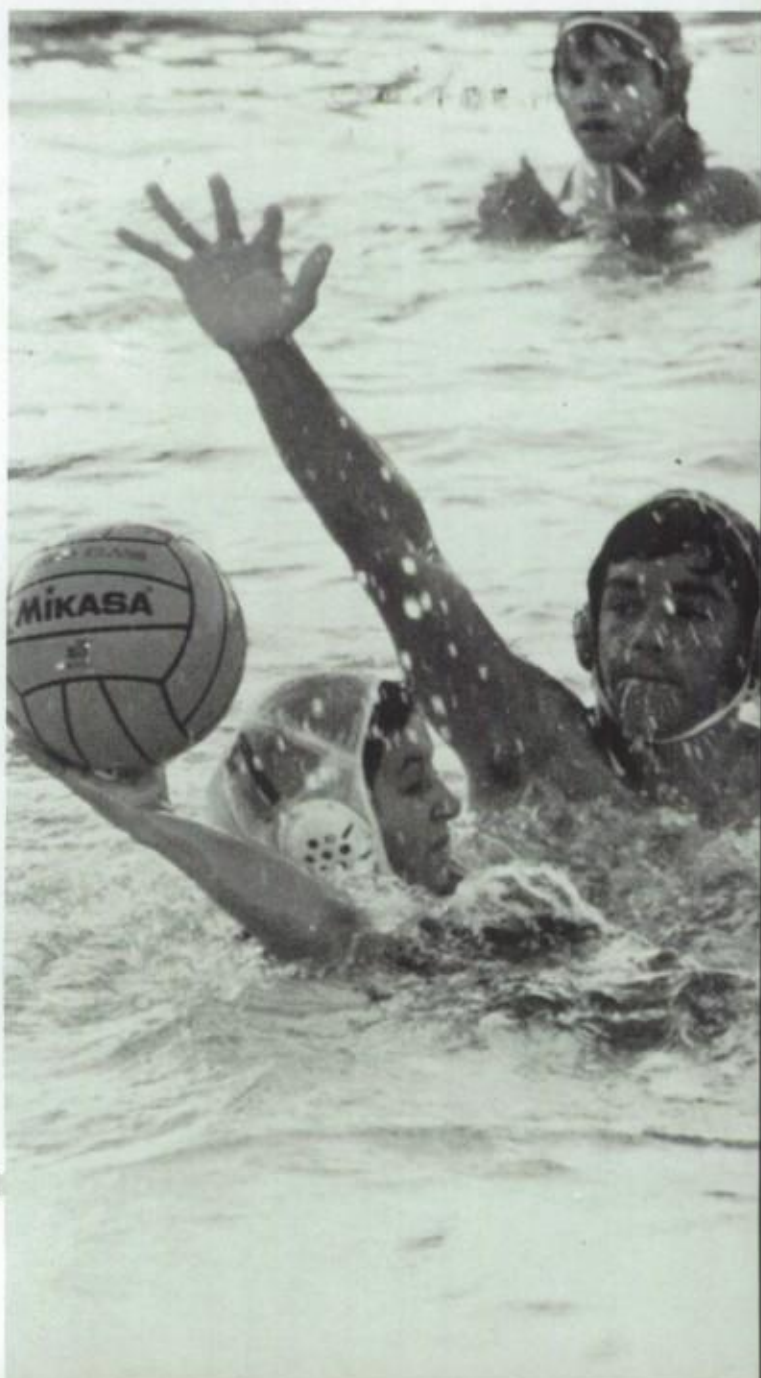

"One of the reasons for the outstanding season," Head Coach Ned Maggoria says, "is that for a bunch of new kids to the sport, they still played like a team."

"Even though we are losing our fastest swimmer, Daniel Pierce, we have a lot of good talent in Oscar Ibarra and Scott McClellen," stated Mr. Maggoria.

One Stroke Ahead Daniel Pierce pushes his strength in hope of being the first to reach the ball.

Traveling Trojans Triumph

The Trojans basketball team met and conquered many hardships, including the loss of their home gym this year. Yet they rose to the top winning their third consecutive Metro League Championship! The Trojans accomplished this feat by having the league's best record of 11-2, and having an overall record of 17-8, despite a slow start.

According to Coach Forest Partch, this season has been "frustrating but fulfilling." Yet with everyone working together, the Trojans broke two school records: most points in one game in a 115-56 victory over Coronado and most assists in one game, 16, by John Stanton against Mar Vista. The team also had eight players score over 100 points, won the consolation championship at the Rohr Aztec Coed Classic Tournament with John Stanton making all-tournament, and earned another play-off berth.

According to Coach Partch, the turning point in the season was the Christian game December 28. "After that game, the team seemed to work harder in practice, we pulled together and did not lose another game the rest of the season," said Partch.

Coach Partch feels depth was teams biggest advantage with Senior John Stanton, Castle Park's first four-year letterman, leading the way with his exceptional basketball skills. His experience held the team together early until the return of Seniors Cesar Guterrez and Mike Valarelli, which was crucial to the team. Center Cliff Korzep added height for rebounding, Andrew Moreno's switch to sixth man role improved his play, and Andy Valenciano was a pleasant surprise and an important addition to the team. Mike and John also earned all-league honors with John making all-defensive team as well.

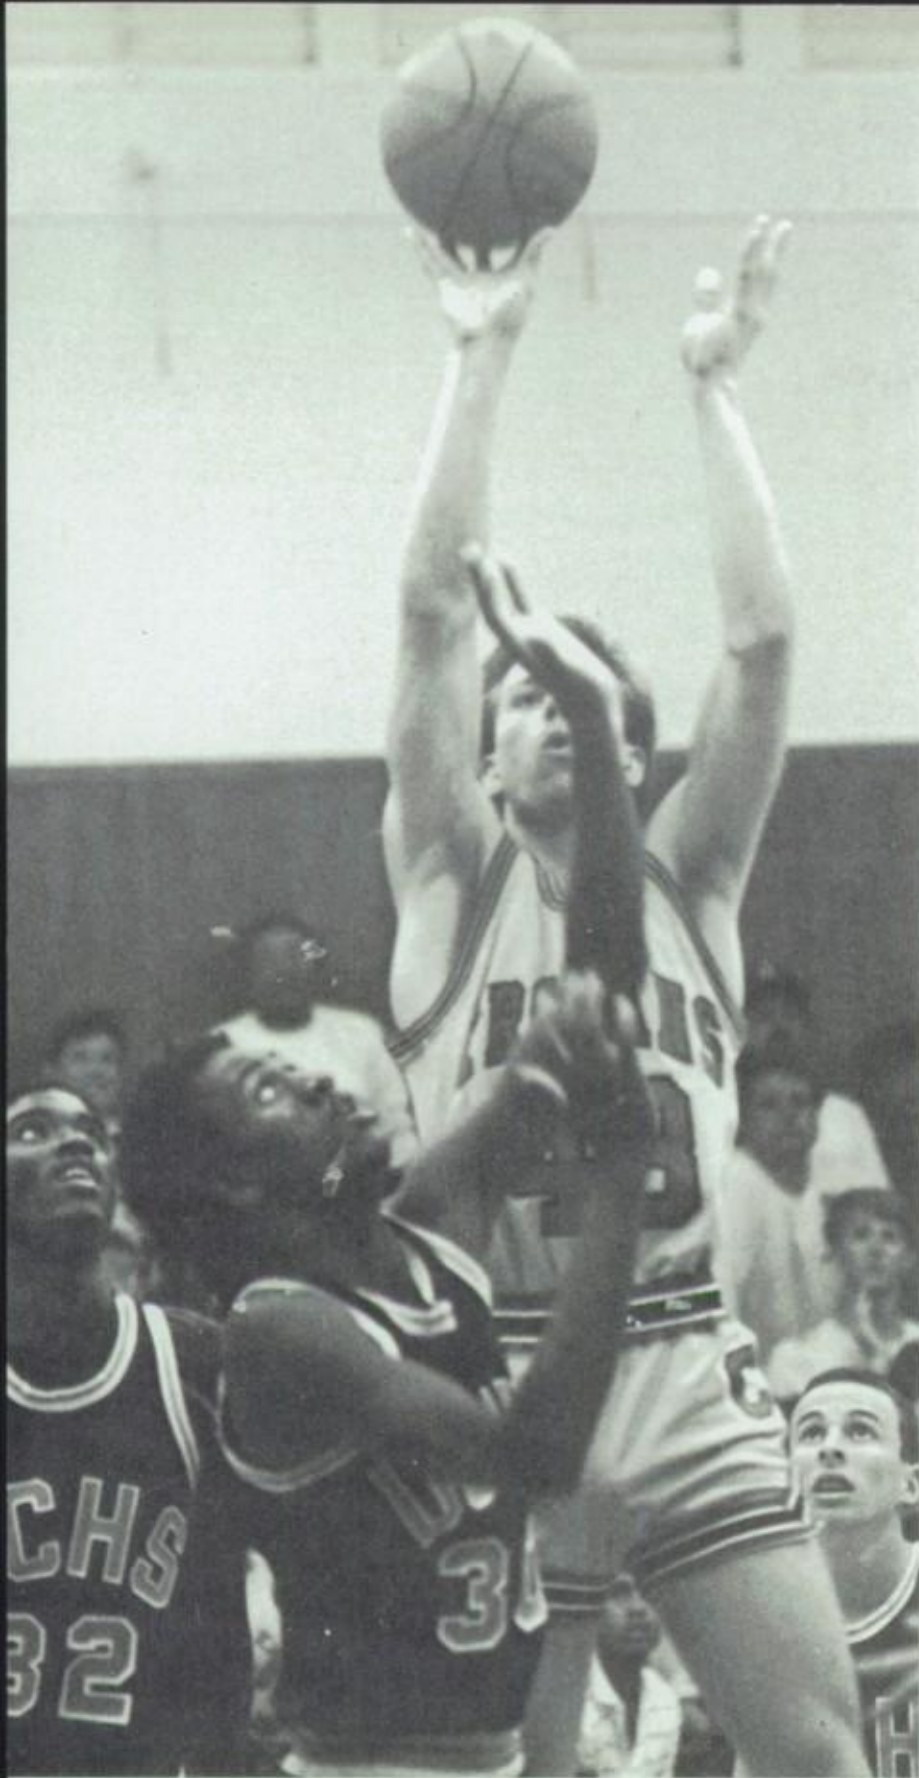

This year's squad accomplished this without the use of the CPH gym, which was destroyed by vandals. The team was forced to practice as well as play at various gyms. Said Coach Partch, "The loss of the gym kept the team from practicing in the off-season which affected our conditioning as well as our skills and accounted for our slow start. "The Trojans had to adapt, first practicing in San Ysidro and then at the Boys' and Girls' Club in Chula Vista, with each gym not meeting regulation requirements.

"But the team did not dwell on the negatives, they merely used it to motivate themselves. It helped bring the team closer together and made them work harder to meet their goals," said Coach Partch.

JV Basketball

Strategy. The team gathers around Coach Dan Winters to discuss this quarter's strategy.

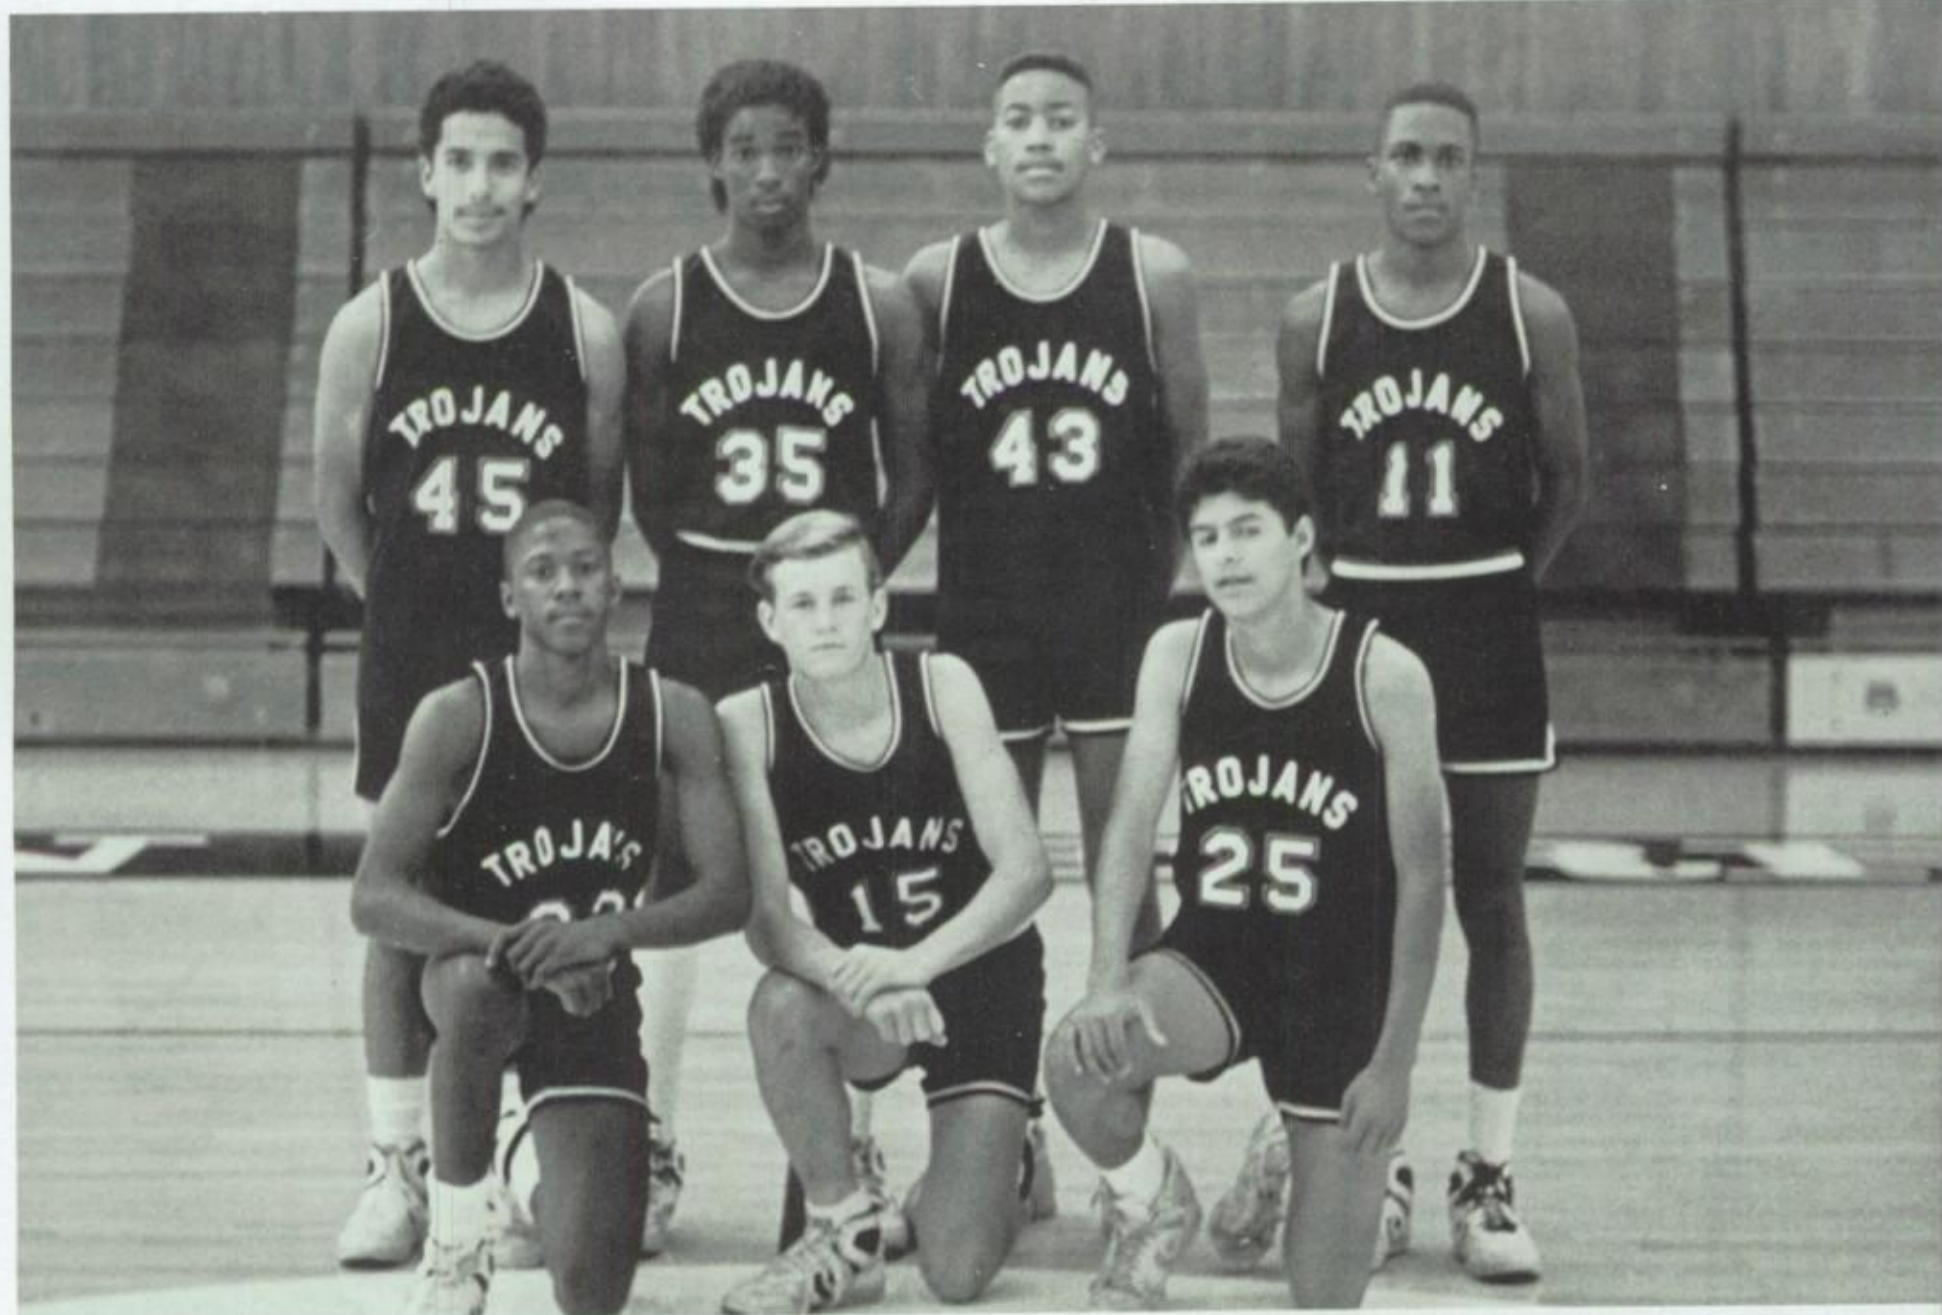

This year's JV basketball team had an outstanding season with a top team record of 12-1 and 14-5 in league.

The basketball team set out to accomplish Metro League Championship and to improve with each game. JV accomplished this and so much more, with the help of their coach, Dan Winters.

The team's most exciting win was

when "we won the Consulation Championships at the Chula Vista Tournament," remarked Coach Winters. He feels that the JV team got off to a slow start but made a tremendous improvement on their games.

The JV coaches are confident that the JV players will make excellent replacements for graduating seniors.

Lady Trojans -

Power is the name of the game for the girls' basketball team. The Castle Park Lady Trojans earned a big reputation this year by putting their best effort in every game with the result of an outstanding record of 19 wins and 7 losses.

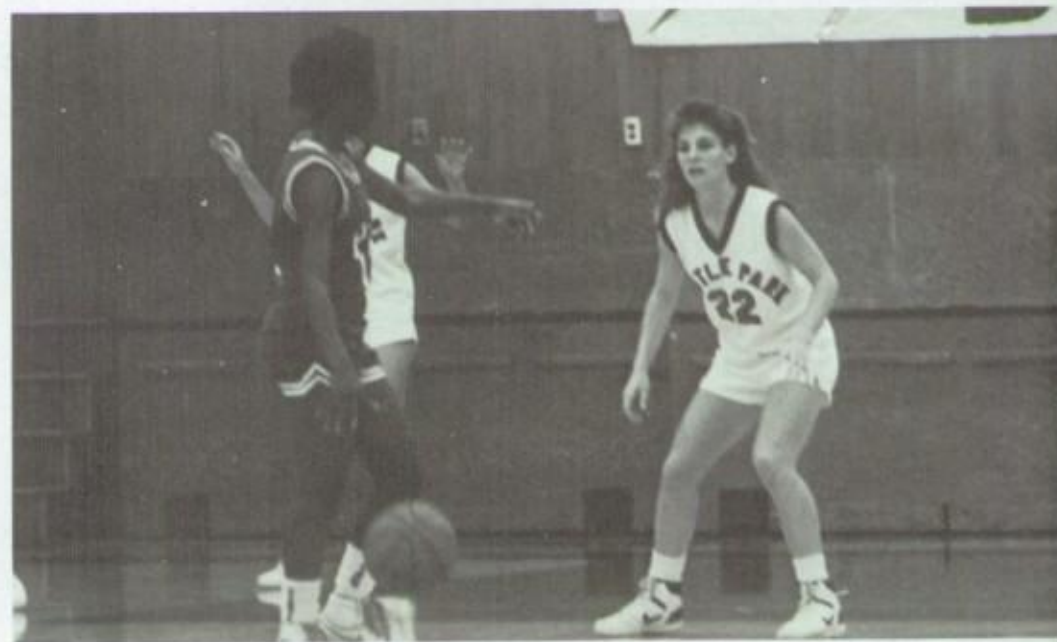

Coach Finnerty was quite impressed with his team's very successful season, considering last year's statistics of tens wins overall. His main goal this year was to win the league championships and go undefeated. The girls won league championships and only lost one game, which was to Bonita. They ranked in the top fifteen in the county, tenth in the 3A league, first in Metro League, and first in the 2A

"outstanding record"

league. The girls managed to run over any and all obstacles on their road to an outstanding season record.

This year's top defensive player honors went to Senior Mary Mudry and Karen Wylie for their aggressive, agitated, vicious defense tactics. Lana Iuli, a Junior, was selected as the most valuable player with an average of 13.5 points and 10 rebounds per game.

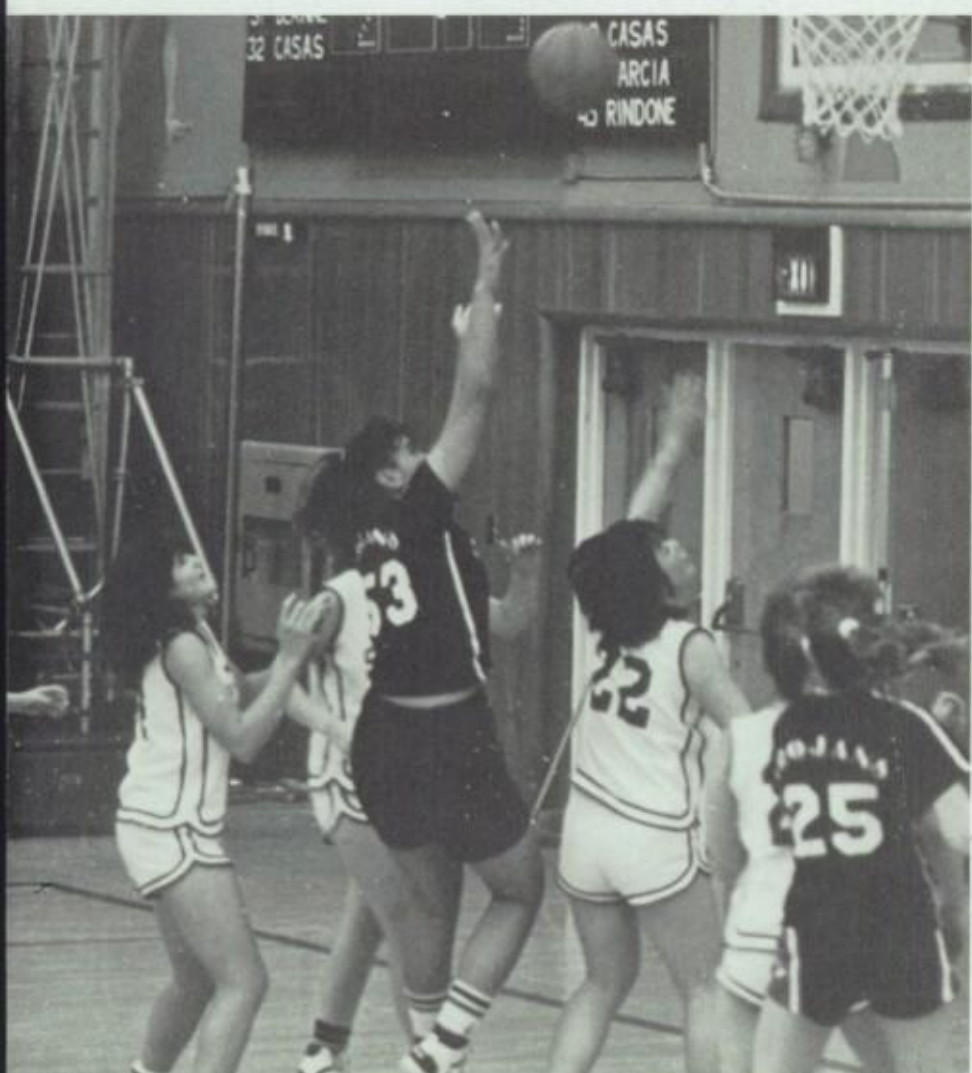

Next year the team will lose six seniors which are Diana Dailey, Monica Gastelum, Antoinette Iwatsu, Mary Mudry, Yadira Parra, and Vernice Williams. Although the team will be losing seven key players, the returning Lady Trojans are Debbie Davis, Jennie Hodson, Lana Iuli, Christina Murguia, and Ana Partida. If next year's team has the talent and determination of this year's, it should be no problem for a promising season next year.

Aiming for Excellence

JV girls' basketball team has had an up and down season. One of the biggest reasons for this is the lack of experienced players. However, Coach Michael Callahan is optimistic about the team's abilities.

"They never give up, they play hard 100 percent of the time." However, Coach Callahan said he would also like to see the team play even harder and faster and to see them increase their effort from 100 to 125 percent.

Although they haven't won that many games in the season, they recently placed third in the South Bay Christmas Tournament. According to Coach Callahan, "The team played better than I expected."

Some of the outstanding players were: Debbie Davis, who "controls the ball well," Jenny Hodson, who "is a very intense player and shows constant improvement," and Rosa Cordero, who "is a very physical player and has good defense abilities."

Even though the season is not over yet, Coach Callahan and Assistant Coach Synet

Steeves are not as concerned with the team's season record as they are with the continuing progress in the team's performance. In Coach Callahan's words, "I'm trying to groom them for varsity in the upcoming year."

Encouraging Year

This year the girls tennis team had an excellent year with a record of 5-7, doubling the number of wins won by last year's team. Coach Hank Austin said, "In many of the matches we lost, the scores were very close and we had

According to the coach, the seniors will be missed, but promising underclassmen led by Janet Rodriguez, Joy Alejandria, Arlene Antonio, Claudia Schwenfeger, Janice Mascarina, Samantha Gonzalez and Veronica Gonzalez

many opportunities to win."

In one of the few times in Castle Park's history, this year's team had members qualify for CIF. In the South Bay League Championship, the doubles team of Kiersten Law and Liz Lee reached the semifinals and qualified for the CIF Individual Championship.

The coach says, "This year's team had excellent effort put in by seniors Sheila Rodriguez, Laura Ibarra, Angela Day, Rosa Hurtado, Keirsten Law and Liz Lee."

will return next year.

"The season was satisfying as the girls showed great improvement, enthusiasm and desire to do their best", said the coach.

Since the return of girls tennis two years ago the girls playing have shown they want to do well. Next year there is hope for a larger turnout and ever greater enthusiasm by the girls, according to the coach, Marlen Lazaro.

On Top Again

This season was exciting and successful for the boys' varsity soccer team says one of their top players Emilio Valdivia. It's exciting due to the fact that this is the third year in a row that the team has made the CIF playoffs. Another factor is that the team took first place in the La Jolla Cup Tournament in December. This year's varsity team also had an impressive record of 14-4-5 which put them in first place in South Bay League 2A.

The team defeated Christian High School in their bid for first place at the playoffs. A few key members of the Trojan team voted that team as being their toughest opponents. "It took us two overtimes before we could gain the upper hand and win" says Sal Arreguin. A major reason that some of the players attribute to their success is that the team had eight returning varsity players. These eight players were Emilio Valdivia, Sergio Hicks, Victor Villalobos, Jorge DeLaTorre, Arnulfo Luna, Sal Arreguin, Billy Gans, and Luis Reyna.

"Three years in a row"

The team didn't win the CIF championship but they have a lot of hope for next year. This year's team awards went to Sergio Hicks as MVP. Memo Solorio as the most improved player. Sal Arreguin took the award for being the most dedicated player.

Three of Coach Avalos's best will be graduating. Arnulfo Luna, Sal Arreguin, and Emilio Valdivia. They would like to thank Coach Avalos for putting up with them over the years and all the other nice things that he's done for them as members of his varsity team.

JV Power

The Castle Park boys' JV soccer team has had an outstanding season. They were undefeated in conference play, and lost only one game.

"The team as a whole worked well together," said Coach Norris Greenwood. "Freshman Luis Araiza was a valuable asset." He also praised Goalie Javier Santos for his great goal tending ability.

The team finished with a 10-1 overall record. They were 9-0 in Metro Conference. "Winning was all right, but our main goal was to play a good game," said Lead Scorer Luis Araiza. The team kept up the record set by last years squad, and plan to carry it over to varsity.

Soccer Power

The girls' varsity soccer team has made this year a 'season of surprises', by far surpassing any other season before. Compared to last year's record of 0-11-2, this year's record of 8-6-3 went "over and beyond the expectations of everyone, including myself," stated a proud Coach Pete Watry. The girls also went to the first round of CIF, which has not been done since 1982.

One of the reasons for the team's new founded success was "the togetherness of the players," explained Coach Watry who also added, "The team had a GREAT season! Over half the team scored at least one goal." Tied at the top for scoring were Almira

Macias, and Kellie Buchan. Both scored ten goals over the season, and close behind with nine goals, was Captain Shelley Soltis.

With an overall record of 40-18 goals, credit is also given to the defenders of the team. Playing a total of 1360 minutes for the entire season were Pam Murphy, Cari Duenas, and Goalie Terrace Steffan. They played every minute of every game often making it difficult for the opposing team to score. Said Terrace, "The team played very well together and had good technique."

The team will lose three seniors; Pam Murphy, Sherry Quindara, and Michelle Stead.

JV Soccer

During the season the girls' JV soccer team went through some changes and came out with a winning metamorphosis. The girls started the season off slow but Coach Dennis Pichette says, "Each game we played we improved and became better and better." The girls finished the season 8-5-1 and went unbeaten in the league 7-0-1.

Says Coach Pichette, "Teamwork was what made the team come together and do so well."

Scoring ten goals with eight assists, Junior Maggie Perez led the team into victory time and time again. Maggie says, "We work together like a family and we looked out for each other on and off the field." Maggie also stressed that Coach Pichette "was not only a coach, he was a friend also." Other players who stood out were Yvette Griffen, defender and Joyce Quindara, offensive player.

On Top

Practicing every day from 2:30-4:30, the varsity wrestling team has a great start. In fact, by the middle of the season their league record was 3-0. With four matches and one league match against Mar Vista to go, Coach Jorge Mancillas predicts the team will capture the league

championship in the South Bay area.

Returning varsity wrestlers this year are Art Berry, Tony Deddeh, Joe Gama, Victor Orah, Jose Parra, "Ralph" Transvina, and Victor Transvina. One of the top wrestlers in the county this year is "Ralph" Transvina, last year's most valuable wrestler. He is expected to qualify for the state tournament in Stockton, Ca.

Challenge

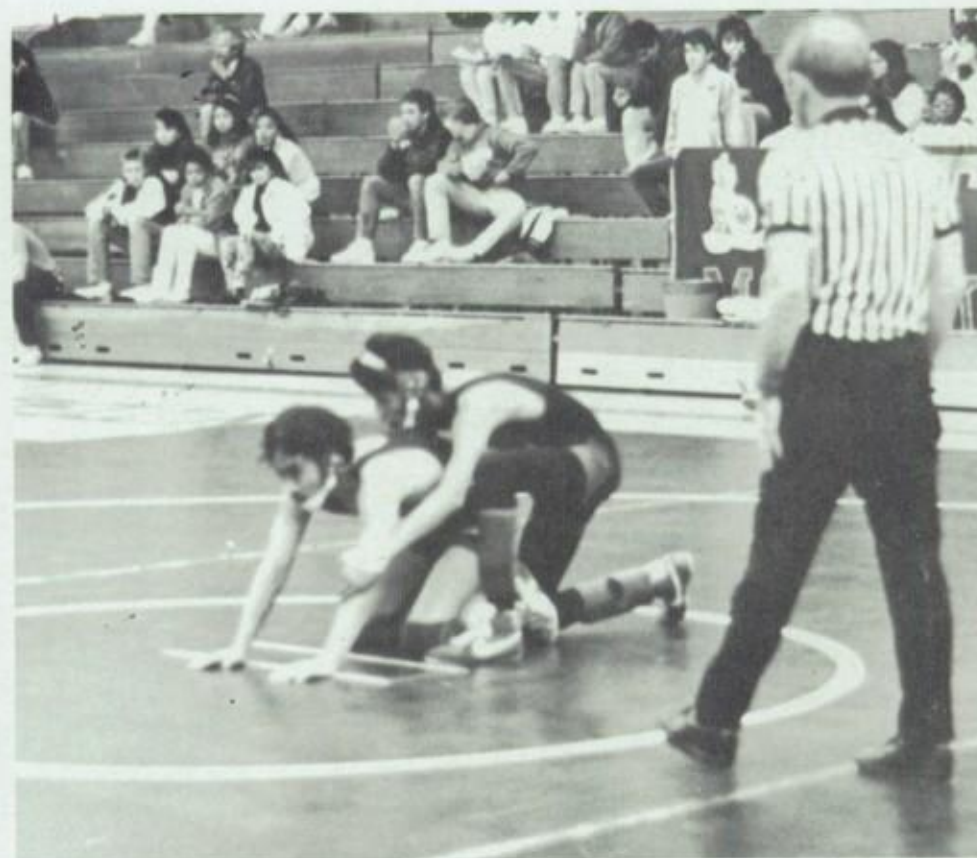

JV wrestling began the season well and ended it well.

"The sport of wrestling is a very demanding sport. Wrestlers must have great discipline. It takes a tremendous amount of physical endurance to participate. It's a great challenge and our kids are responding well," says Coach

Jorge Mancillas.

Coach Sam Boggs stated, "All the wrestlers are valuable and have been working very hard." Four top wrestlers are Anthony Madarang, with a 4-2 record, Daniel Segura, Rene Bernudy and Ricardo Soto. During the Helix Tournament, which was held in December, Anthony placed second, while Danny and Ricardo shared third and Rene picked up fourth.

◀◀ **Eye on the Olympics.** Cross-country runner Brad Grady broke two records this season — one on CP's home course and the other against Southwest High School, proving what eight hours of practice a week can do. This looks to be a great start on fulfilling his goal of competing in the Olympic games.

◀ **Leader of the Pack.** David Carpenter, team captain, was a vital part of CP's '87-'88 football team. Throughout the season, David helped the team not only physically but by increasing their spirit and pride. This is a true example of giving his all.

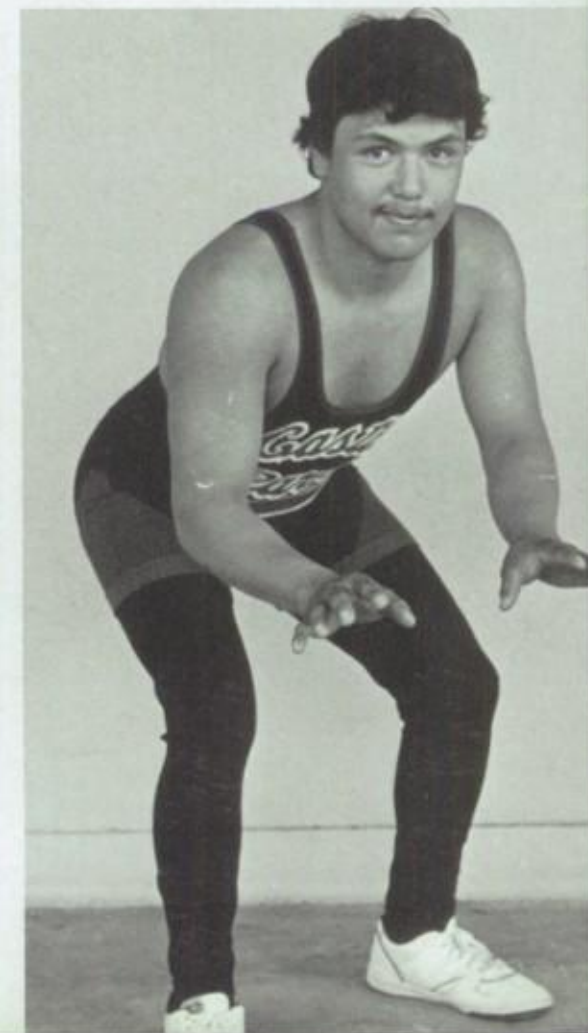

Sports Standouts

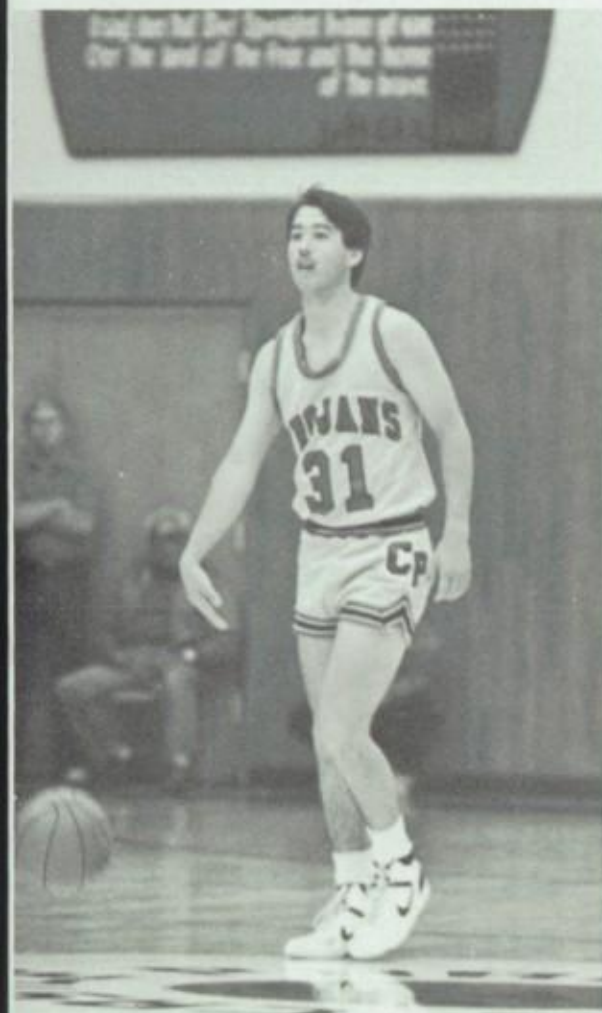

▶▶▶ **"Speedo"** Swimmer Daniel Pierce was a great asset to CP's first year polo team. His strength and speed helped the team on to a 6-5 record and a second place at the Metro League Tournament. Along with his water polo achievements, Danny has been in the top 16 in the nation for the last 8 years as a swimmer and has made it to CIF Championships since he was a freshman.

▶▶ **Carrying on a tradition.** "Ralphy" Transvinia is following in the footsteps of his brothers, all of whom were high school wrestlers. This year Ralphy took second place in CIF and won a seeded spot in the Masters.

▶ **MVP.** This year Sergio Hicks, captain of the Varsity Soccer team, earned the Most Valuable Player award. Throughout the year, he motivated the team on to a 14-4-5 record with his enthusiasm and great leadership abilities.

▲ **The Traveling Trojan** After being on the famed "Dream Team" and "Running Trojans" basketball teams, John Stanton had a season just as outstanding as the others. He led the Trojans' slow pull ahead of the South Bay League and the Metro Conference on to the CIF play-offs. Capturing the title of MVP and the Coach's Award, he also made CIF First Team.

▲ **Tennis Ace.** Kiersten Law had an outstanding season this year on the two year old Castle Park Tennis team. Going through the season as a singles player, she switched at the end to doubles and came away with a second place medal at the CIF preliminaries.

◀◀▲ **All-Around Athlete.** This year Mike Vallareli was not only a member of CP's football team and the "Traveling Trojans" but also a member of last year's South Bay Champion baseball team. The two year letterman played right field and baseball is also a part of his plans for the future.

◀▲ **Dedication.** Senior Mary Mudry has played basketball for four years and has according to her coach, Jim Finnerty, "leadership abilities" which motivated the team on to an incredible season. This year she was selected as a CIF First Team player.

▲ **All-CIFer.** Playing for 11 years, Margaret Mekus has developed into a great softball player. Not only did she make it to the All-South Bay Team but she was selected to the All-CIF Team as well. Maintaining a high spirit level, Margaret helped the team on to a winning season.

Swinging to Victory

"The baseball season this year was great with a very good nucleus and seven returning players," said a proud Bob Korzep, coach of this year's varsity baseball team.

The team this year was distinguished by solid pitching and

tioned Pitcher Juan Beltran's no hitter against Grossmont. "During the Lions Tournament and the Eldorado Tournament, we came together as a team," said Coach Korzep.

Play Ball

"All my players are equal. They all have two goals, to win the league and to play their hardest at all times," said coach Tim Tyler.

The new players that entered the team this year are Jessica Jimenez, Christina Murgia, Mary Coombs, and Gladys Arenas.

The returning players were Dawn Wood, Kathy Kane, Lana Luli, Kiersten Law, Mary Mudry, Margaret Mekus, and Hollie Bradley.

With more conditioning than in the past, and two hours of training every

day, the girls' varsity softball team hopes to be either league champs or to be in the first or second place in CIF. Most of the players were ready for the season because they played year round.

When the players were asked about how they felt about the team, they answered, "I feel we are a strong team

This year's JV softball team has reached their goals to "dream, desire, and achieve" according to Coach Yolanda Jimenez.

The girls practiced vigorously for hours. This accounts for team's tremendous effort. They have proved themselves to show great potential by getting better as the years go by.

When asked why the team was so successful coach Jimenez replied "because of their unity." They are like a family and they always back each other up.

Boys' and Girls' Track

One of the more popular spring sports at Castle Park is track. The warm sun encourages many people to come out and get a little exercise while still experiencing the thrill of competition.

Track is a sport which involves dedication, hard work, and extra time for the long hours of vigorous practice. "I feel we have a fantastic boys' and girls' team this year.

better long jumpers in San Diego county"), and Sean Kraus, "who will do well in the 220 and 440," according to Coach Duke. For the girls' team, Yasmin Daher is expected to compete with the best at the state championships in the 440.

Meanwhile Brad Grady, Gary Tompkins, and Robert Bokma, according to Coach Forest Partch "will excel in the distance events, as will Debbie Billings, Dawn Can-

"involves dedication, hard work"

The boys' team has a good chance of winning All-League Championships again and possibly contend for a CIF championship. The girls' team will have a challenge from Hilltop for their second consecutive league championship," stated Coach Alan Duke.

Major competitors returning from last year's championship team are Kiyoshi Moody, ("one of the best 100 meter runners in the state"), Tom Brown, ("one of the

tino and various freshmen who, "will hold their own in the lady's distance program."

The track team's team work, daily practice, and self discipline keep up the Trojan tradition of striving for excellence and giving that extra push needed to make Castle Park number one.

Tennis, Anyone?

"I have high expectations this season after a successful year last year," said Coach Hank Austin, who has been coaching the tennis team for two years.

In 1987 the Castle Park boys' tennis team, after a five year of absence earned a CIF goal. Last year the team, consisting of freshmen, sophomores and juniors with little experience and confidence, completed the tough task of earning a second place behind Coronado.

This year the team had nine returning players. The team was led by Juan

Mullen, Jose Villanueva, and William Jackovich. The top three players were followed by Mike Rodriguez, Carlos Martinez, Steve Law, Omar Rodea, Enrique Rodea and Leonel Luna.

The players had a strenuous practice everyday. They also had to work harder since Hilltop, merged into their league. After beating Mission Bay and San Diego the team was ready for anyone. The goals for the team were to have more than one player qualify for CIF individual championships.

Pioneers

This year heralded the arrival of the first ever boys' volleyball team at Castle Park High School. The team's JV and varsity competed against schools in the district as well as all over San Diego. The JV was coached by Mr. Dan Winters and the varsity by Mr. Jim Nutz.

Coach Nutz commented on his team as being, "Inexperienced young

"They're learning"

men most of whom have never played organized volleyball in their lives, "but with a BIG smile he adds, "They're learning."

The team expected to break even on their record. They were scheduled against schools with newly organized teams as well as schools who have had years of team organization. They held their own against the newly organized teams, but they still have to work to defeat the schools that have been building up their volleyball teams over the years.

It's a new sport that promises to get better with age and more experienced players. For now the members of the Castle Park High School volleyball teams are now trying to set a new Trojan tradition of excellence.

Swimming

Castle Park swim team once again stroked its way to a winning season. "Although we lost a lot of people from last year, we had a pretty strong team," stated Head Coach Ned Maggoria. Citing the inexperience of the team, he said there was an impressive improvement over the season.

The team performed eleven events. They are: medley relay (200), freestyle (50, 100, 200, 500), breaststroke (100), backstroke (100), butterfly (100), free relay (400), and diving.

Besides the motivation to improve, Coach Maggoria had another reason to feel good about the season. Daniel Pierce. Daniel, a senior,

"Impressive Improvement"

was an All-American in the 200 and 500 freestyles last year. "Daniel has been the motivating part of our team," stated Ned Maggoria "we could always count on him to win events." Daniel, is hoping to compete at the Olympic trials this year, although he doesn't expect to make the team. "I want to make the team in 1992," said Daniel. Two other outstanding swimmers have made considerable contributions are Jennifer Helton and Kelly Stevens. Although Coach Maggoria is losing some of his fastest swimmers this year, he expects the team to get stronger since the team is composed mainly of underclassmen.

Golf Teeing Off

Castle Park's '88 golf team has gone through a season of learning and improvement. Coach Jim Finnerty put down some goals for the year — first, was to

"We're Hanging in There"

sustain and develop the program for the next year and second, to have the players gain experience and improve on their game. The team's best players are returning lettermen Brian Bane and David Rindone and up and coming player Lance Barnes.

To sum up this season, Coach Finnerty States, "I want the players to improve and understand golf as well as they can. We're hanging in there."

DR. BANE HONORED

Dr. Robert Bane is one of 50 principals in the nation honored as an outstanding secondary principal by the National Association of Secondary School Principals. Dr. Bane, who has worked in the Sweetwater District for 20 years, has been Castle Park's principal for five years.

Dr. Bane was nominated by three teachers at Castle Park. The teachers who nominated him were James Watt, Carolyn Ketterer and Kathleen Guilfoyle. The teachers credit Dr. Bane for encouraging staff development such as Writing Across the Curriculum, the six step lesson plan and computer literacy.

When Dr. Bane first arrived, he

worked to change Castle Park from a three year school, which allowed the school to increase its enrollment and expand its program offerings. This allowed growth and also helped the present programs to expand. Dr. Bane has also promoted the use of computerized education in all aspects of the curriculum. Over 100 computers are being used at CPH in three major labs and in specialized areas such as journalism and art. Dr. Bane said, "I would like to be able to keep up with technological advances in all areas of education, but I'd like to do this slowly so as not to make the changes too difficult for the students and the teachers."

MODEL CURRICULUM

Castle Park Language Arts Department has been designated as a model English Department by the State Department of Education. The English teachers were recognized because they implemented the English Language Arts Framework set up by the state. The department will be used as a model by other schools throughout the state.

Last year the English department coordinated literary works between grade levels. The emphasis of their program is on "core work and model curriculum," according to the Chairperson Mrs. Martha McDonald. Core curriculum means grade level teachers select what the students read and coordinate these works with other grade levels. The teachers developed

"... students become informed citizens ..."

a theme for each grade level such as "The Individual and Society," for the tenth grade. The curriculum and readings increase in difficulty and are designed to meet test standards.

Model curriculum involves the use of literary works to develop reading and writing skills which help the students understand culture and values. After reading a book on individual fighting society, the students examine similar current issues.

Also new this year are Macintosh computers which have replaced the Apple computers in the English writing lab. These more sophisticated computers enabled teachers to teach editing and revision skills on the computer. All students learned how to use the Macintosh.

Through these various activities the students have improved especially in the areas of reading comprehension, vocabulary growth, and critical thinking skills. According to Mrs. Kathy Guilfoyle, they are hoping that the core work helped the students "to become informed citizens in the community and to be prepared for college as well as the real world."

school program called E.L.E.P.S. (English for Limited English Proficient Students). This program is designed to be interesting as well as helping students cope with everyday life here. "For instance," Mr. Michael Callahan explains, "In a unit on weather, they read about it, talk about it and watch a video-audio cassette on it." All of the lessons include video-cassette units to help students visualize and hear the language structures.

Mr. Callahan believes that it's important for students to be bilingual because "communication is power!" The goal of the ESL classes, as always, is to "mainstream" the students into regular classes as quickly as possible.

PROGRESS

The news in the Math Department is a new set of books in geometry and the department's gains in developing their model curriculum standards.

Mr. Ralph Martin commented about the new

"new geometry book will help students understand concepts"

books: "I hope the new geometry book will help kids understand the concepts easier."

In addition, the model curriculum program helps students relate math to their everyday lives.

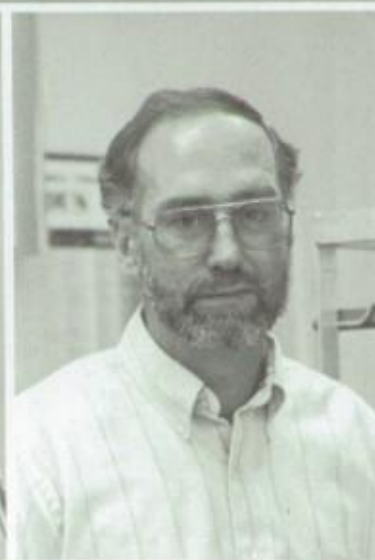

The science department has changed this year with the addition of two new science teachers, new books and a new class. The department has added Mr. William Zidbeck, science teacher, and Mr. James Nutz, who has expanded into teaching chemistry. A new class called ninth grade basic science has been added to introduce freshmen to high school and eventually college preparatory science without overwhelming them. Mr. Michael Smull explained, "This is all we can do before we send them out into the real world."

IMPROVEMENT

"Castle Park High School's Social and Behavioral Sciences Department is getting better and better each year" says Chairperson Mrs. Carmen Hernandez. During the year the department spent their time identifying the strengths and weaknesses as part of the accreditation surveys required of all departments. According to Mrs. Carmen Hernandez, "focusing on weaknesses will help us advance a little bit more."

The students have improved tremendously in the areas of taking things more seriously, doing all of their assignments and having responsibilities in studying a little extra than what is needed. Mrs. Hernandez says, "These improvements are very important, because it lets us know they have responsibility for learning and studying."

What gives students the most trouble, according to Mrs. Hernandez is using the

"... better and better"

higher levels of thinking. For example, problem solving and analyzing problems seems to be hard for students. These skills are essential in growing up and Mrs. Hernandez feels that more work and practice will improve these problem areas.

▲ **All Smiles.** Mrs. Carmen Hernandez enjoys one of the films for her social science class as much as the student.

▲► **Helping Hand.** Mrs. Judy Silver helps a student with a problem in her family life class.

NEW AND IMPROVED

This year the Practical Arts Department has improved greatly from the past

"computer training important."

years. The department led by Mr. Don LeCompte has added new office type furniture in order to give the classroom a

business-like environment. They have also added new and improved equipment. They have replaced all the Apple IIe computers with the new updated equipment including the Tandy 1200 Personal Computers, IBM Active Writers, and the IBM Wheel Writers. Mr. Don LeCompte feels that, "This equipment is the same as what the students will need in the real world." LeCompte also stated that having this new equipment will give the students hands on experience while building the necessary skills that will enhance their job prospects.

Mr. LeCompte stated, "Students here at Castle Park have a commitment to computer training in order to keep up with the changes in a constantly changing society."

FINE ARTS AND P.E.

The Fine Arts Department, which consists of art, drama and music, has improved greatly. Drama has introduced a dual class of preparation for speech competition and theater production, each with their own days of the week. The music department has benefited from the addition of many new instruments including a synthesizer. But what has really made the department jump ahead is the introduction of computers to the art classes.

"The computers have vastly changed the way art has been done in recent years," Joe Schmidt, the director of the

department, stated proudly. According to

"The computers have changed art"

Mr. Schmidt, the addition of computers will give students a marketable skill, as well as giving CPH a great step toward the future.

The Physical Education Department has faced a tremendous setback this year — the destruction of the gym floor due to vandalism. All gym-related activities such as badminton, indoor volleyball, basketball and rainy day activities were cancelled.

Considering the problem, the PE program was still able to continue with a "business as usual" attitude.

Hopefully, both of these essential departments will continue to grow and insure that even more students develop their creative sides and physical fitness.

ON THE MOVE

The 1987-88 school year brought about a few new responsibilities for the counselors of our school. Along with being in charge of student registration and the usual student affairs, the counselors were also in charge of CTBS testing, the student study team and the Academic Achievers Club.

With the largest freshman class ever, registration was very hectic for the counselors. At the beginning of the year, Dr. Willie Lassiter, a former ninth grade English teacher, changed hats to become a counselor to help with student affairs.

Based on the class which was dropped most by students, Ms.

Karen Freeman, counselor, said, "Trigonometry is giving students the most trouble. They don't seem to understand that what they learned in algebra will come back to haunt them in 'trig.'" Ms. Freeman stated jokingly.

An attempt was made to get all program changes done by the third week of the semester so that students would not be too far behind when making a class change. The approximately nine hundred changes per semester had made the task very hard to achieve in the past, but with the combined help of all the counselors, they achieved their goal.

Juniors Appeal to Success

The junior class, as always, survived many obstacles in the past two years of high school. Since their first year, it has been work, work, work. To many students, their junior year is always the hardest. It was the time to get ready for their senior year and to set an example for the rest of the school. It was the time to take numerous tests and to start making plans for the future.

Many students started working this year to pay for their expenses, such as football games, dances, basketball games. Many juniors started driving this year and found it necessary to save money.

As you may see, the junior class has come a long way and they are certainly awaiting with great anticipation their SENIOR year.

Excuses, Excuses!!

One of the good things about being a junior is that there is still one more year left to think of some more excuses to say when something has gone wrong. Sergio Hicks uses, "I got a flat tire and couldn't make it to school on time." Judy Escalante uses, "But I was with my counselor." Have you ever used, "My alarm didn't go off!" like Federico Martinez does. A good one to use is Elizabeth Garcia's "I had to go to a funeral."

What about when it was past your curfew? What do you say then? Juan Beltran's famous excuse is "I was at practice, mom!" Another good one is, "My car got overheated, and I couldn't drive it like that," which is used quite often by Miko Morabe. For the juniors making up excuses is such a breeze.

►Please Understand. Mrs. Gagon listens as her student asks for one more day to do her homework.

▲Pretty close. This group of juniors are almost caught going into the Senior Walk.

►I didn't know. Phyllis Cansicio had no idea the project was going to explode in her science class.

Embarrassing Situations

How embarrassing! This is a common expression which is repeated daily. Some of us say these words more often than others. Even if you have never had someone tell you that what you are doing is embarrassing, surely there must have been a time in your life when you probably wanted to crawl under a rock and die of utter humiliation.

Some juniors volunteered some of their not so special moments.

... "When I went to a restaurant with my parents I got up to get my fork and the back of my pants ripped."

Toni Close

... "I was conducting a stage performance outdoors and I slipped in a puddle of mud, and the audience clapped."

Lillian Arreguin

... "I was marching in a field competition and my ballet shoes came off so, I had to march with one shoe."

Akemi Evans

... "I went skiing for the first time and I could not get off the ski lift so I had to be helped down by my ski instructor."

Lori Coley

... "I was at Plaza Bonita and I had on heels. When I got off the escalator, my shoe stayed on the escalator and I didn't notice it until the guy behind me told me."

Life Beyond 2:25

"2:20, YEAH!" "Five more minutes and then I get to go home and do my homework. What a night to look forward to." You dream away at school about the many things you have planned for "after school," but then the bell rings, it's 2:25 and your mind is left blank! What to do, what to do . . . You go home and wonder about doing homework. Sooner or later you look at the clock and it's already 4:00.

Most juniors are active in school activities. Practice is sometimes heaven, to get away from home and just talk to friends while torturing yourself to be the best. For Carmen Gurrola, "Practice is voluntary torture."

Then there are those whose days go by all planned out. Dorothy Manly's nights are, "go to practice, go home, and talk on the phone."

Life beyond 2:25 may be just as hectic as being in school, but for the juniors of 88 there's always time to find something to do.

SOPHOMORES

Sophomores

This year's sophomores became more involved in school activities. They showed their school spirit and let other classes know that they were not the freshmen that they used to be. They became older and showed that they could handle responsibilities of a Trojan!!!

"Sophomores had bake sales and other activities to make money this year," says Sophomore Class President Debbie Gonzales. For next year, Debbie Gonzales plans to make more fund-raisers, show more school spirit, and make the class more united as a start for next year.

▶▶ Spare Time. Sophomores always have time to take a fun picture with the guys'.

Fashionable

Fashion was quite a statement among the sophomores this year. In a recent survey for the sophomores, they voted boots and acid washed jeans (blue or black) and skirts at the top of their fashion preferences. Teased hair was the favorite hairstyle for both the boys and girls.

The fashionable sophomore girl would be wearing acid-washed mini skirt with a matching top. Her hair will look great bound by a hair scrunchie, and teased on the sides to add some

"fashion quite a statement"

fullness. She would add big white earrings to match her hair piece. Her shoes of course, would be great looking boots!

For boys, a nice shirt with some fun colors, acid-washed, and low-cut black boots are the in look. The boys really don't have to worry too much. In the survey, the boys also suggested a plain T-shirt with the logo of R.C. surf-lines, or even with our favorite dog, Spuds MacKenzie. These Ts would look great with a pair of jeans and still be in style.

Sophomores explained that it was important to make a first impression good, because you don't always get a second chance. And what's a better way to impress people than by fashion!

Favorite Teachers

When sophomores were asked to take a survey, one of the questions read, "Who is your favorite teacher and explain why?" So many teachers were their favorites, it was hard to choose the top five favorite teachers.

Out of all the teachers that teach sophomore classes their favorite teacher was Mr. Michael Barry. The majority of students said, "Mr. Barry is funny and understanding." Two of his students explained why they liked him. David Martinez said, "He talks about sports a lot." Lorena Horton said, "He makes you laugh when he is teaching." The other favorite teachers were Mr. Alan Duke, Mr. Gil Warren, Mrs. Jeanette Lasley, Mr. James Nutz and Ms. Barbara Clark.

Help anyone Ms. Lasley earns her place as one of the favorite teachers at this school.

Involvement

This year's sophomores are hitting their stride. In their sophomore year, sophomores suddenly became joiners. In a survey, 62 percent reported that they were involved in 1-3 school activities. Sophomores are finding out that being involved in activities requires dedication, setting priorities, and being patient.

Most sophomores have a favorite activity along with a reason why they like that particular activity. Marita Obano said, "volleyball and softball because they keep me active." Toan Nguyen feels, "band because it gives me a

"a feeling of achievement"

feeling of achievement."

Majority of the sophomores felt that being involved in different activities has given them a sense of responsibility. Jeff Jelinski "learned to work with other people and respect them as well." An anonymous person "established a mutual relationship by the result of interacting with people." And Jerry Boyd "had other people depending on me to do my best."

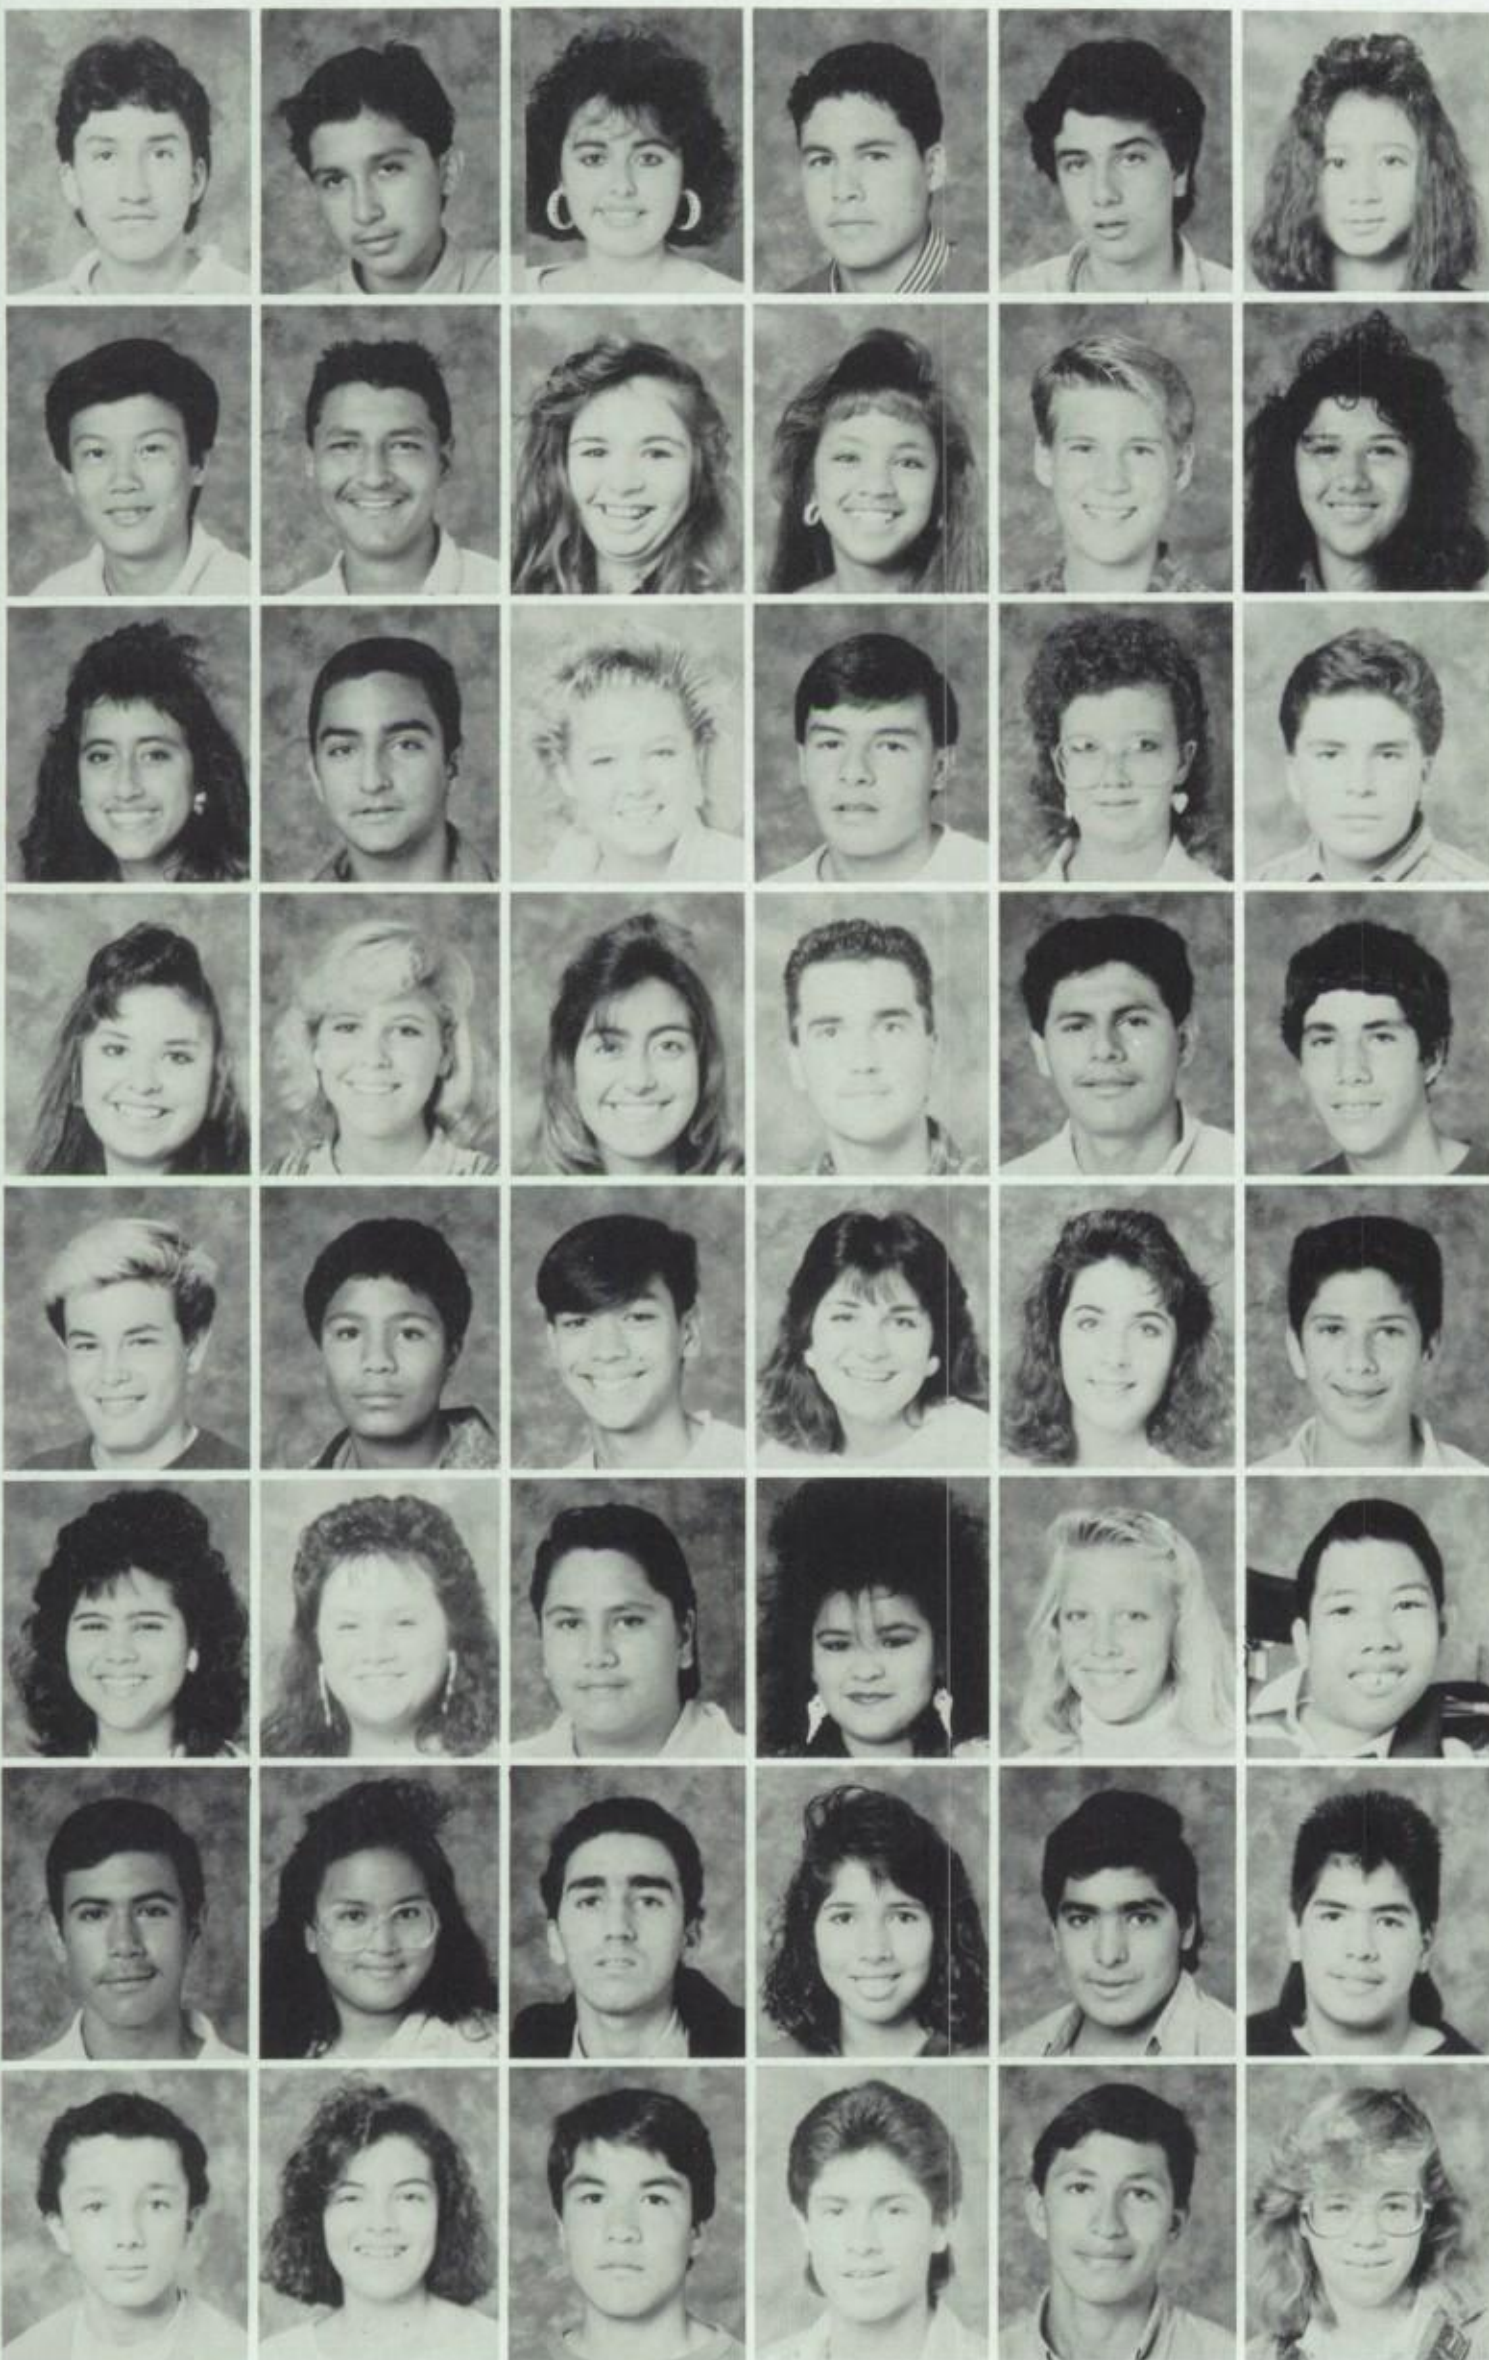

Many sophomores felt that school activities are important to the school. A proud Cory Hurtado described it as, "Being a number one team gives the school a reputation." Eddie Huerta observed that "Competitions with other schools makes it important." Eddie Huerta observed that "Competitions with other schools makes it important." And Tony McMillan said, "Bringing different people together and working is the best thing of all."

Love at First Sight

For most of the sophomores their first love is one they will remember and treasure for the rest of their lives.

"I like a girl who is a best friend and a girl friend in one. A girl, I can talk to about anything, and who understands me, as well as I can understand her. A girl who will take me for who I am, and for her to be herself and not a fake," states Carlos Garcia who is describing his true love. Eddie Huerta described his true love just simply, "glamorous." Dawn Colburn stated, "He would have to be really nice and not too demanding, and love me for me!"

Tony McMillan described his perfect date as, "A night that is long, a girl that is willing, plenty of cash and a car with a full tank of gas."

An intimate romantic dinner, along with a moonlight stroll on the beach was a majority vote for a romantic evening.

Many dreams were brought out of the sophomore class but only those with imagination will make their dreams become reality.

FRESHMEN

Introducing Our Freshmen

As can always be expected, incoming freshmen at Castle Park are the new kids in town. This year's freshmen are no exception, but these little troopers learned to overcome "the-new-school-blues" soon enough.

This lively group of freshmen came from different schools and different backgrounds, but their diversity brought them together to share new and exciting experiences.

Movie Favorites

Freshmen this year may not be a "joke," but their taste in movies seems to be. In first place, comedy type movies really "tickled" this class with such movies as, Ferris Bueller's Day Off and Beverly Hills Cop 2.

A close second was the action packed movies like Top Gun and the one that "fired" everyone up, "Platoon."

Drama came in third with such titles as, Some Kind Of Wonderful and St. Elmo's Fire.

Finally and suprisingly, scary movies came in last with some real "cut-ups" like A Nightmare On Elm Street and Aliens.

The majority of the movies submitted were old releases. Maybe the new ones just aren't up to freshman standards.

Freshmen likes and dislikes

Freshmen new to Castle Park High found many things to dislike and like.

Dan Stacy liked Castle Park so much he disliked "nothing about Castle Park." while Olga Amaya disliked all the homework. "Rachel Vazquez dislikes "the big crowds during lunch." Margaret Rockin found "being last as a freshmen was unfair."

But everything was not all dislikes, this year's freshmen found many things to like, Nydia Camacho liked "Castle Park's pride." Monica Arrendondo made many new friends and found that "everybody here is very friendly." Nicole Saltzman liked "the freedom high school offers." Joyce Nixon found a new home with "the band and the marching units." Chris Hastings just couldn't wait for "lunch." And all that Tommy Kerns was thinking about was "girls, girls, girls."

Freshmen top five

Just as this year marks the 25th Anniversary of CPHS; it also marks the 20th anniversary of "The Summer of Love." Through the release of The Beatles' "Sgt Pepper" compact disc, attention was again focused on psychedelia-not by the veteran psychedelics but by the kids. Castle Park's freshmen were no exception. The charts show the influence of these psychedelic bands through the remake of popular songs from the past. Styles also showed the influence of '67. Florals, boots, turtlenecks, and trenchcoats totally dominated the fasion scene. It seemed as though everything psychedelic was cool with teens. Unlike the 60's, though, drugs were not in; this was due to the nation-wide "stampout" against drugs.

The Freshman top five bands:

- The Cure
- Depeche Mode
- Echo and the Bunnymen
- The Smiths
- Gene Loves Jezebel

Soul was not left out though-it's "blast from the past" came with Tiffany's "I Think We're Alone Now" originally by The Shondells. The freshmen's soul artists included;

- Lisa Lisa and the Cult Jam
- Salt and Pepper
- L. L. Cool J
- Dana Dane
- LeVert

Arturo; from childhood you are now
graduating into adulthood. May God
be with you all the way!...

All of us are born for a reason, but all of us don't discover why. Success in life is not what you gain or accomplish for yourself. IT IS WHAT YOU DO FOR OTHERS. Your Dad. JAVIER Romero.

Turo: it is nice to be important, but it is more important to be nice. Keep on being the way you are! Margie, Ley, Monica, and Cots.

Arturo: Remember that good character is more praised than outstanding talent. Most talents are, to some extent, a gift. Good character, by contrast, is not given to us, We have to build it piece by piece: by thought, choice, courage and determination. Like, to your brothers and sisters, instead of wealth, I wish you GOOD CHARACTER FOR SUCCESS IN LIFE. Tu mama' Margarita.

Arturo: Lo que importa en la vida es hacer de tu parte lo mejor, que ser el mejor. Te ama: Tu abuelita Anita.

B.M.O.C.

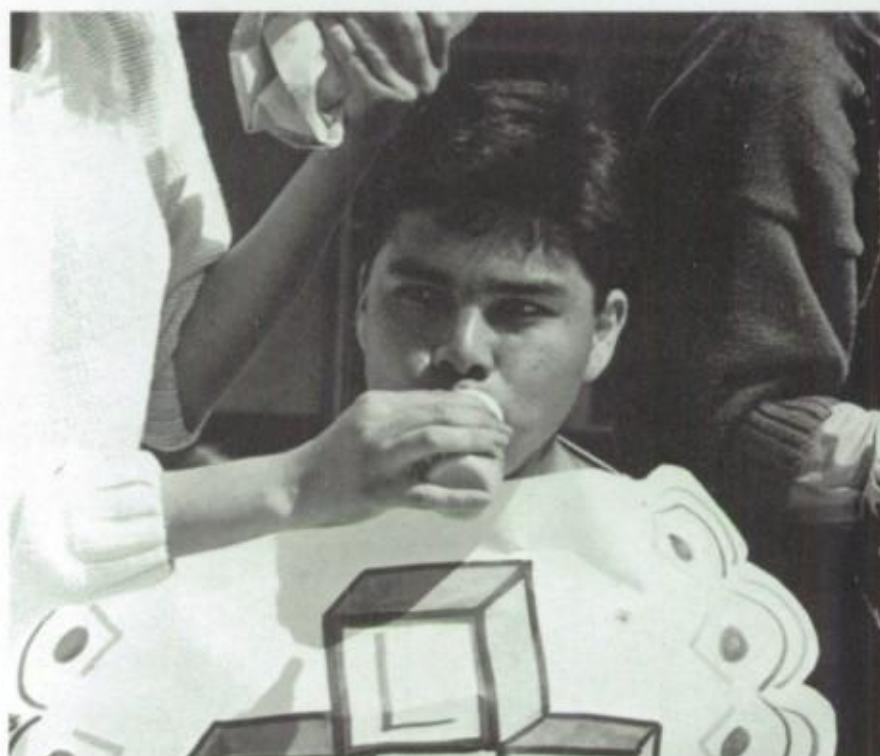

"OOOH, MY!" That's what most CPH girls were saying when the top five B.M.O.C. candidates were announced. The handsome candidates were Bill Anderson, Ali Cortez, Cliff Korzep, John Stanton, and Chris Waite.

B.M.O.C. week proved to be both hazardous and fun, as the candidates were asked to gulp down giant slices of pizza and drink from pink baby bottles. Ali will never forget the relay race when he fell, dropping the girl he had to carry but at the end he stated, "She was a good sport." It was an unforgettable day when Cliff Korzep forgot his shoes for the fashion show and was persuaded to wear his basketball tennis shoes! Finally, the candidates were auctioned during lunch to five lucky girls.

Wednesday was a strange day for a dance, but no one seemed to care for over 400 students attended the first home dance. The candidates were escorted down the new gym by their lovely escorts. The charming Bill Anderson was named B.M.O.C. on Castle Park's silver anniversary. The candidates agreed that being chosen top five was an honor and our B.M.O.C. for 1988 simply stated that "It's great to be a Trojan."

▲ **Munching out!** During lunch the candidates frantically try to win the pizza eating contest.

How Cute! Remembering his childhood manners, Ali Cortez had a good start during the baby bottle drinking contest. ►

▲ **Priceless.** Mr. Callahan enjoyed auctioning off the handsome candidates during lunch.

▲ **Struttin' it.** Cliff Korzep took time to smile for the camera.

▲ **Sweet Memories.** Bill Anderson and Elizabeth Garcia patiently await the big announcement.

◀ **WOW!** Candidates John, Chris, and Bill strut their stuff during lunch.

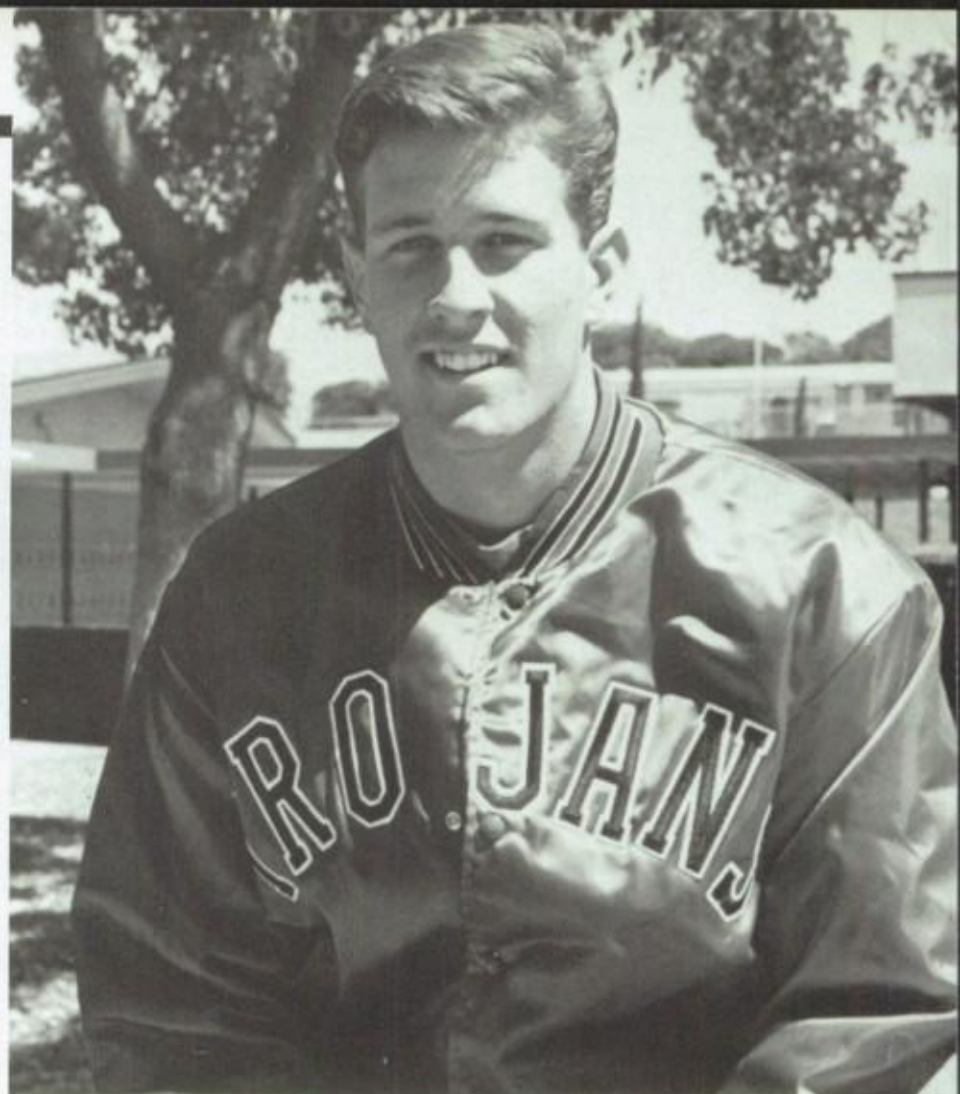

◀▼ **All Smiles.** John Stanton was happily escorted by Myra Cotoner.

▼ **Perfect Combination.** Cliff and Kelly made a perfect team for the relay race.

*25 years of tradition
we carry to our graduation line
in this our final year.*

*We carry it, memories brimming,
filled to overflowing —
the triumphs, the tears, the pride.*

*Looking back, we define
who we are
and who we will become.*

*25 sterling years are engraved
in our hearts,
and shall never be forgotten.*

Hey Babe Great
It's been a while
knowing you. You are
of the fun people who can
understand my sense of humor
as sick as it may be. Watch out at
graduation I plan to have a squirt gun
and spray a few people. Good Luck with Jose
Relax and ~~enjoy~~ enjoy Sex!

Love,

Dear Margie

Well we've know each other for quite some time now. I remember what you did for me back at Junior High (To Brandon) You're a really great person and really funny. Stay the way you are. I hope you have a fun summer and receive everything you hope for in the future. Stay sweet

Love - my friends

Margie

Stay your own little!!!
 How are you? Well it's been loads of fun knowing you. You are so sweet, don't ever lose that quality stay! I know we didn't talk much this year, but having you is a great rap. You!
 Best of luck in the future with everything you do, especially all those "bad groups" and also me!!

Love you all
 Stay the sweetest!
